A rockslide in the southbound lanes of I-75 triggered an accident involving five vehicles around 6:00 a.m. last Thursday morning. The most significant accident was of a semi that lost control, crossed the median, flipped and slammed into a rock wall on the northbound side of the interstate. The driver of the semi, from Denton Trucking in McCook, Illinois, escaped serious injury. A load of lumber the semi was hauling was spread across the median and both northbound lanes. Other cars involved in the rockslide reported severe suspension damage and flattened tires. Both southbound and northbound lanes were completely clear by 12:30 Thursday afternoon. Members of the Mt. Vernon Fire Department assisted at the scene.

Five arrested after dispute ends in wreck

Five people were arrested after an altercation that reportedly started in Sand Hill and ended up in Livingston early Tuesday morning.

According to Kentucky State Trooper Jason Vanhook, the arresting officer, it appeared the dispute between two parties in three different vehicles involved twenty or thirty miles of the two parties in transit attempting to force the other off the road.

Michael Hubbard, 30, of London, and Timothy Clines, 32, of Mt. Vernon, were both charged with first degree wanton endangerment and second degree assault while Clines also picked up a charge of first degree criminal mischief. Jay Skinner, 18, of Livingston, was charged with first degree wanton endangerment, and first degree criminal littering.

Both Gary Wayne Caldwell, 27, of Mt. Vernon, and Jessica Newcomb, 29, of Mt. Vernon, were charged with fourth degree attempted assault and first degree criminal mischief.

Vanhook said accounts of the incident indicate that Hubbard was in one

vehicle with Clines and Skinner in another, and Caldwell and Newcomb in another. Skinner was allegedly in the back of the truck Clines was driving reportedly throwing everything from gas cans to bicycles at Hubbard's vehicle.

Caldwell and Newcomb are accused of throwing rocks out the window at Hubbard, while following along during the chase.

The dispute started on Calloway Hollow Rd and went from South U.S. 25 to around the Rockcastle River Trading Company, then back North 25 to exit 59. They then got on Interstate 75 south bound and eventually ended up in Livingston.

The chase ended after Hubbard finally wrecked his vehicle. Vanhook said at that point Hubbard approached Clines with a golf club while Clines had a baseball bat in hand. They reportedly swung at each other simultaneously with Clines receiving an open wound to the head and Hubbard being hit in the ribs.

Clines was taken to Rockcastle Regional Hospital for treatment of his

Bishop files to run against Carloftis

Former 3rd district Magistrate Doug Bishop filed to run for Rockcastle County Judge/Executive on Friday. With the filing, he will be on the ballot in November as an Independent seeking the seat presently held by incumbent Republican Buzz Carloftis.

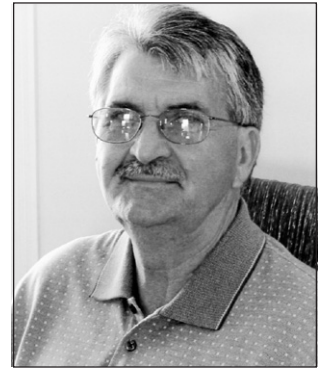

In addition to serving on the Rockcastle County Fiscal Court, Bishop's resume includes 27 years of employment with the United States Postal Service as a mail carrier, along with a stint at the Rockcastle County Road Department.

Bishop says he made the decision to run "after much deliberation and a deep desire to serve our county."

He says that he has five primary concerns for the

county which include high unemployment, the financial status of the county, high tax rates, elected officials being true public servants and the lack of citizen input in decision

Hannabeth Owens takes home 12-and-under State Junior Amateur Title

Rockcastle County Middle School is now the home to a state champion golfer.

Seventh grader Hannabeth Owens captured the 12-and-under state amateur golf title earlier this month after edging out Franklin's Mary Joiner on the first hole of a sudden death playoff.

Owens, daughter of David and Detrina Owens and a member at Eagles Nest Country Club in

Somerset, shot a two-day total of 78 to bring home the top prize in 2010. After shooting a 6-over-par 42 on the first day, she trailed the leaders by two strokes. She came back with an even par 36 on the second day of the tourney to get into the playoff.

Owens finished fourth just a year ago after making an 11 on the par 4 final hole on the Maywood

Livingston firefighters were called to the scene of a house fire Sunday afternoon at the corner of Calloway Branch and Sand Hill Rd. Firefighters said the owner was not home at the time of the fire and was a complete loss. Livingston firefighters were also called to the scene of another house fire Tuesday night on South Main St. in Livingston. The vacant home was totally destroyed and an investigation has been opened in the fire.

When I want a drink of water I usually grab a handful of ice out of the fridge, dump it in a glass, stick the glass under the kitchen faucet and fill it up. The ultimate refreshment on a hot summer day and it's also very economical.

My wife, on the other hand, goes into a panic if there is no commercially bottled water in the house. She sticks bottles inside the door of the refrigerator and monitors them to make sure nobody that else has sneaked a sip. If she inadvertently takes the bottle out and carries it to the table or somewhere else in the house, she angrily accuses everybody else of stealing her water.

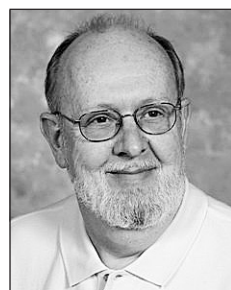

Now, let me explain to you how commercially bottled water works. In various locations throughout the land, as we speak, right now, there are companies working round the clock manufacturing millions of plastic bottles per day. Other locations are using in-

jection molders to manufacture the little caps that go on the bottles.

Said bottles and caps are shipped to a central location (bottling company) where any number of hoses are attached to a city water main. The water may or may not be heated or strained before it goes inside the bottle. But the bottles are rapidly filled with water from the public supply that serves your faucet at home. A conglomeration of whirring machines assure that this process is expedient.

The bottled water is then labeled, placed, in lots of 24, on cardboard containers, shrink wrapped, placed on a pallet and loaded on an 18 wheeler. After going through a middleman (wholesaler) or two, the pallet loads of water arrive at your favorite retail outlet. Depending on how much of a sucker you really are, and also on your vanity, this stuff can fetch anywhere

Kentucky's Own "Route 66"

Recently I was reading a blog on the Internet and found a discussion about Kentucky's unique highway that divides the state into East and West sections - US 25. Some of that discussion was a comparison of US 25 to the famous "Route 66" that divided the nation from east to west during the '50's and '60's. US 25 played a tremendous role in my early life in Mt. Vernon.

The highway begins at the Kentucky/Ohio border and winds its way south until it branches into US 25 East and US 25 West near Corbin. The westerly route leads to Knoxville, while US 25E twists and turns until it passes underneath Cumberland Gap and reaches the Tennessee border. The entire highway is a road with a long and interesting history; it was officially commissioned in November 1926.

As a child living with my grandparents on a small farm located on old US 25 in the '50's, I was witness to the new road being constructed by blasting through the "cut" between Pine Grove and Mt. Vernon. We could hear the drilling. When a dynamite charge was about to occur, men would come to our house and say, "Everyone needs to get inside because we are going to blast!" Within a few minutes, we would hear the explosion, which was followed by small stones falling all over our yard. It was a disconcerting experience for a small child.

After the new road was completed, traffic on old US 25 was reduced significantly, which was great for me and my friends. All of the youngsters in our neighborhood began to play games on the surface of the old road. We spent many hours playing baseball, basketball, kick-the-can, and various other games on old US 25. We had a basketball goal on the side of the road in front of Winstead's Half Way House.

When I turned 16 and began to drive, US 25 became my point of interest for the next few years. We teens of that day had a circuit that we drove while scouting out which of our friends were out and about. The route began at the Rockcastle Courthouse and ended at the high school on Richmond Street. In the late afternoons and evenings, we traveled over that path visually inspecting each automobile to see who was in town. When we spotted one of our friends, we flagged the car down and either got in with them or let them ride with us. We then "cruised" the same route while singing the latest rock and roll songs that were playing on our radios. Sometimes our cars would have eight or ten people inside, each jockeying for a seat by a window. On evenings when we had

dates, most of us still traveled the circuit, checking out who else had dates and where they were going. If we were going to the Valley Drive In, the theater was located on US 25, and we returned to our "circle" when the movie was over.

Sometimes we traveled to Renfro Valley, which is also located on US 25. In the afternoons after school, we drove down to WRVK in the Renfro Barn to have dedications played for our sweethearts, who listened anxiously

Sometimes we commit crimes that cause the most hurt to those we love.

I love newspapers. And perhaps it's a bit of a stretch to call what I joined my family in doing a "crime," but in many respects it was.

We published one of the first "shoppers" in Kentucky, competing against a very good newspaper.

Our goal was to get as many business places as possible to pay us for placing advertisements in a monthly

publication placed at various locations throughout the community.

Calling it the "Shopper's News" was a big fib, as it contained practically no news. We would have been thrilled if every available space contained paid advertising, but we did have some "holes" where we placed "filler" copy such as puzzles and tidbits of little or no interest nor help to our readers or for the betterment of our community.

It never occurred to us at the time that we were stealing, but basically that's what it amounted to.

We were taking away dollars the newspaper could have used to help provide even better coverage to the community.

A good newspaper touches lives every day through publication of everything from weddings and engagements, births and deaths, and triumphs and tragedies.

Most importantly, a good newspaper serves as a watchdog over government, making sure office holders are held accountable for their actions.

A newspaper is a business, and just like any enterprise, it must be profitable to stay in business.

There are some key differences between newspapers and most other businesses.

Newspaper revenue is partially generated through sales of the paper itself. This is done through subscription and single copy sales.

The major revenue source for newspapers however, is advertising. This takes lots of forms....classified ads placed by individuals, inserts from major chains such as Lowes or J. C. Penny, but mainly from local businesses.

The Little Fair That Became a Big Success

When I was a child growing up in neighboring London, there wasn't anything as exciting as our family making the annual pilgrimage to the Brodhead Fair. Even before going to the fair every year, I would hear of stories told by my grandpa, Roscoe Norton, of his childhood memories and the excitement he and his family enjoyed there. He came from a large family, that lived primarily in the Wabed section of the county, with lots of aunts, uncles, and cousins who would use the fair as a family "reunion", so to speak.

My grandpa was born in 1887, only eight years before the fair began in 1895. I'm sure, without a doubt, he and his family attended the very first fair. As the years passed, and he grew, he told stories of him and his brothers and sisters riding their prize-winning Tennessee Walking Horses in the horse show. His mother

and sisters, I'm equally as sure, had their share of canned goods or quilts in the various contests, or his father may have entered some of his many livestock in such contests.

Our favorite night to attend the fair was Saturday night, the night of the Grand Championship horse show. We would always sit on the side with the covered bleachers, in case of rain. They were probably built in the fair's infancy.

In my quest to find the history of the fair, I was directed to Bryan Bussell, Shirley Martin, and Jean Gentry who all have contributed to the research.

In the beginning, there was a "fair board" established, and shares were sold for five dollars per share. Frank Robbins was a major player on the board. The board sold the fair to Dr. M. M. Phillips, of Crab Orchard, and partner, W. O.

Dust, Mites, and Molds

Presented by Dr. David Bullock

When people find out that they are allergic to a tiny mite that lives off of human cells, they usually say, "Yuck." Unfortunately, mites are the main allergen in the house dust that causes trouble for many people each fall.

The mites do not live on a person's body. They are very tiny organisms which thrive on the skin cells we shed every day. They become most troublesome in the fall of the year for a couple reasons. First, they multiply when it is warm and humid, so summer and fall are when their numbers increase.

Also, starting the furnace and circulating air blows around the dust that has accumulated over the summer months which is full of the mites, as well as molds and other allergens. Their next stop is at our eyes and noses causing the symptoms of allergies.

As with mites, molds also will increase when it is warm and humid, so late summer and fall are common times to have trouble with them, as well. Symptoms from molds are variable and can increase and decrease according to the weather and other factors.

The most important thing to do to control mite allergies is to enclose your mattress and pillow with vinyl covers to separate the mites from your nose and airways during sleep. The bedroom is the most important room in the house to keep clean and dust-free. You spend about a third of your life there.

It is important to vacuum and dust frequently, and try to limit dust-catchers such as carpeting, blinds, curtains, knick-knacks and racks of clothing. Finally, mites and molds can be reduced by air-conditioning which keeps the house cooler and dryer in the summer months.

Stay cool and safe
this summer

Hot weather and vehicles:
A deadly combination for kids.

As temperatures heat up, children are at serious risk for heat stroke when left alone even for a few minutes in a closed vehicle.

When left in a hot vehicle, a young child's core body temperature may increase three to five times faster than that of an adult. This could cause permanent injury or even death.

Stay cool and visit Rockcastle Professional Pharmacy (located in the Outpatient Services Center at Rockcastle Regional) during the month of July and receive education on hot vehicles and free sunglasses for children.

Gone but not forgotten...

To the former clients of God's Meal Barrel,

I just wanted to let you know that you're always in my heart and on my mind. There's not a passing day where I don't think about you. As of April 15, 2010, God's Meal Barrel has been closed for six years and the sorrow in my heart has not gone away. It's the same as it was the day I had to close the Food Pantry because of my back condition. I had eight herniated discs and nine bulging discs when I opened the Food Pantry. Now it's much worse because I have arthritis, bone spurs in my spine and two discs that are worn very thin. Even though the pain in my back is bad, the pain and sorrow in my heart is even greater.

I'm still broken-hearted over having to close the Food Pantry because you were, and still are, my children in my heart. I love each and every one of you very deeply as a mother would love her own child. I have no children but you were my children because God birthed you into my heart and I'm so sorry that I let you down. I even had to move to another county because it hurt me so bad when I saw any of you at the store or out anywhere or when I read or heard about one of you passing away like Jackie Sandlin, Jason Cummins, Frances Higgin-botham and Ruth Rucker. They're the ones that I know about. There are probably countless others who have passed away that I don't know about.

The church that I was attending when I closed the pantry was supposed to reopen it but never did so I left it and it eventually closed also. I also tried to get other church to reopen the pantry but it seemed that they were unable to do so. I even put an ad in The Banner in the wanted section asking some in the county to take all the office equipment, freezers and, most importantly, the files of the clients. But, no one wanted to except an 84 year old woman with heart trouble who wanted to distribute food out of her own trailer but her pastor had another organization outside the county and wasn't able to do it. I ended up giving the freezers and office equipment to an organization in Pulaski County and I gave the clients' files to The Mission in Mt. Vernon.

I guess that I've written enough. I just wanted to let all of you know that you are still in my heart and I love you very much and that you may be gone, but you're not forgotten.

With Utmost Sincerity,

Moss arrests is ridiculous...

Dear Editor,

I saw the article in this week's paper (July 22) about the police arresting someone for stealing moss. Is that all they have to do? Moss grows back very fast and is not dangerous to people. I have a spot in my yard so I know. I would

be ashamed to have it on the front page! I understand it is against the law but I am sure there are more important matters.

While I'm writing, I want to say that all the letters from people, and some council members, are ridiculous. You should learn how to work together for the community and the people. That is what you are there for. Being honest is supposed to be mandatory.

As for improvements to Mt. Vernon, that's a joke. I am 62 and it hasn't changed since I was a child. It looks like a junk town. I'm ashamed to say I'm from Mt. Vernon.

You all should be ashamed of your actions. Renfro Valley is not the city! Grow up!

The Bible says to live peaceably with all men, if at all possible. Romans 12v18.

Pictures, info needed about county...

Dear Editor,

I would like to take this opportunity to ask your readers if they might have copies of old pictures regarding Rockcastle places and people to archive into a file to be called, Rockcastle County-Two Hundred Years of Tradition. Also would like to request if anyone knows of any rock hieroglyphs or carvings that are of historic note such as Native American or early pioneers. My e-mail is scoopowens24@yahoo.com or phone number (606)256-9870.

Thanks,
David Owens

Editor proves case...

Dear Editor,

The editor has proven my case.

If one of us has a \$12 million mortgage the money has to be paid.

If Source Corp. or the government fail to pay as expected, we, the taxpayers have to pay it off.

Claretta Hodges

You can still file for city office...

Dear Editor,

For anyone who wants to run for either city council or mayor your time is running out.

Apparently there are very few requirements.

For city council all you need to do is show up once a month and cast a vote.

Be sure and not ask any questions, or even better, just keep your mouth shut!

Don't read budgets "before" you pass them and always allow the mayor to dictate how you pass laws.

For the mayor position:

Don't allow anyone to talk. Interrupt any council member who speaks. When it is obvious the budget is wrong, don't allow it to be changed. Also being an arrogant dictator seems to be a pre-requisite.

So go register & good luck to you.

Or just maybe, make some changes for the people you'll represent.

Good luck.

Sincerely,
Rick Courtney

from a dollar up to five bucks per 20 ounces if you purchase it by the bottle. It's way cheaper by the case—anywhere from 6 to 10 bucks for the low end stuff—10 to 20 bucks if the label is written in French or claims to be Canadian.

I have to admit that the empty bottles do come in handy at our place. I will take one of Lo's empties, fill it up in the kitchen and put it on my night stand. The cap keeps flies and such from getting in and it is somewhat safer than keeping an open glass sitting there. Of course an empty soda bottle would serve the same purpose but I'd have to scald and rinse one out.

Anyway, once the water arrives in your store and you purchase it by the case, you are looking at a package that weighs about 20 pounds that has to be lifted and placed in your grocery cart, lifted and placed on the check out conveyor, lifted back into the cart, lifted out of the cart and placed in your car in the parking lot, hauled home and lifted and carried into the house and placed wherever you store your water. Then, if you are like Loretta, it's packed, one or two bottles at a time to the fridge. Two weeks later you drop the empty bottles, caps removed, at the recycle center and repeat the process.

There probably is something to be said for the exercise value of using bottled water and heaven knows that we have become a lethargic society, but that's where the value ends.

Of all the ruses foisted on the American buying public, bottled water has to be among the greatest farces of all time. And one of the biggest wastes of money I can think of.

I'm thirsty now. I believe I will go to the sink and spend about 1/4 of a penny to get myself a drink. I'd feel guilty if I spent a quarter on the same stuff by sneaking a bottle out of Loretta's case.

to the local station to see if anyone was playing a song for them.

One of our favorite restaurants was the Dinner Bell owned by Floyd Owens, a "hangout" that was also part of US 25 that we frequented on a daily basis. On many occasions, we parked in the parking lot and crawled on our hoods to watch the teenagers who were passing down the street.

On Sunday afternoons after services at the First Baptist Church, we sometimes took dates or went with our families to the Lodge at Renfro Valley for a delicious lunch. The restaurant was almost too swanky for teenagers, but on special occasions we put on our fancy garb and tried to impress our girlfriends with an expensive meal. Most of the time it worked.

In the summer, the guys and I traveled up US 25 to Corbin to visit Levi Jackson State Park. The park offered lots of entertainment for teens

on its 800-plus acres of wooded facilities. We swam, picnicked, played volleyball, and went on hikes.

On other occasions, we drove north on US 25 to Berea to find entertainment in the form of roller-skating, drive-in restaurants, and even the Berea Theater. Because it was a college town, we felt like we were older and more mature to be associated with the college kids. Once in a while, we even managed to date some of the college coeds. They invited some of us to the college dances, and that was a real "rush" to be included in that crowd.

A few of my friends and I were also known to attend college basketball games there. When my friend Bud Cox became a student at Berea, he invited me to some of their events, and I loved that of course.

US 25 was our center of focus in the late '50's and early '60's. Most of the miles that I put on my '58 Chevrolet were driving up and down that memorable highway. I logged over 100,000 miles in that "black beauty." If it could talk, oh the stories it could spin! Those days were certainly special.

every week is an expensive undertaking, and today, more than ever, covering expenses while trying to eek out some sort of profit is a tremendous challenge.

Some newspapers have been forced to close up shop, and that's a shame as the community will surely suffer from their demise.

On my travels throughout Kentucky I see newspapers with well-documented records of providing the citizens of their community vital information.

I encourage advertisers and citizens to continue to show their support for these newspapers as they strive to make the papers even more meaningful to the community.

To do otherwise would be a crime.

"Roots"

Yadon. Later, the stock was sold to Millard Shaffer. D. A. Robbins, a grandson of Frank Robbins, and his brother-in-law, Clarence "Teddy" Frith, bought the fair stock; then to a group known as "The Four B's". These were Bryan Bussell, Billy Frank Martin, Bill Gentry, and Billy Bussell. Finally, the county bought the fair, and it is now run by the Brodhead Fire Department, a

non-profit organization, as a fund-raiser. Prior to that, it was for-profit.

The land where the fair is located was thought to be owned by the Martin family, who had a store in Brodhead. The trees on the land are believed to have been there for the first fair in 1895. Although there is an abundance of trees on the land currently, there was, at one time, even more.

Here, we'll conclude with the history of the fair for this week, but we'll resume the history once again, next week.

All family and friends are invited to attend.

The Family Room

By: Dr. Roy Don Whitehead

"What should I do?" she asked her friend. "If you were in my shoes, what would you do?" he asked the counselor. "I can't decide, so tell me what I should do," she begged.

Do people ask you for advice? As a counselor for the past 25 years, I have had many people ask me what they should do. The situations have included broken relationships, divorces, child custody, job changes, retirement, problems with children and many more.

Earlier in my career I gave some advice. It was hard to resist the plaintive plea of a fellow human being in distress. When they asked what I would

do if I were in their shoes, I sometimes told them. When they asked what they should do, I sometimes told them. I was surprised to discover that they did not always take my advice! That is correct: they did not take my advice even though they asked for it.

This was my first clue that giving advice was not necessarily the best way to approach a counseling situation. While people may be desperately seeking a solution to their woes, this does not mean that they will act on advice from others.

These experiences led me to formulate Whitehead's

Rules of Advice Giving. I share them with you for what they are worth.

1. Do not expect that they will do what you advise. Even if they ask you for advice that does not mean they will act on it, especially if the advice involves sacrifice or pain. We human beings do not like to hurt and will do all we can to avoid it.

2. Give advice only when asked. If they do not ask, then you do not tell. If the problems are theirs, do not make them yours and try to solve them. Most of us have plenty of problems of our own. We would do better to spend our time solving those rather than trying to solve someone else's difficulties.

3. Give advice only sparingly. Advice is cheap. Anyone can offer his or her two cents worth on any subject. Do not add your two cents worth. Wait until you are certain that your advice is worth at least a nickel before you offer it.

4. Do not say, "If I were you I would. . . ." You do not know what you would do if you were in his shoes. If you have not been in a similar situation, you have no clue what

you would do. Even if you have been in a similar situation, you are a different person and would react in your own way.

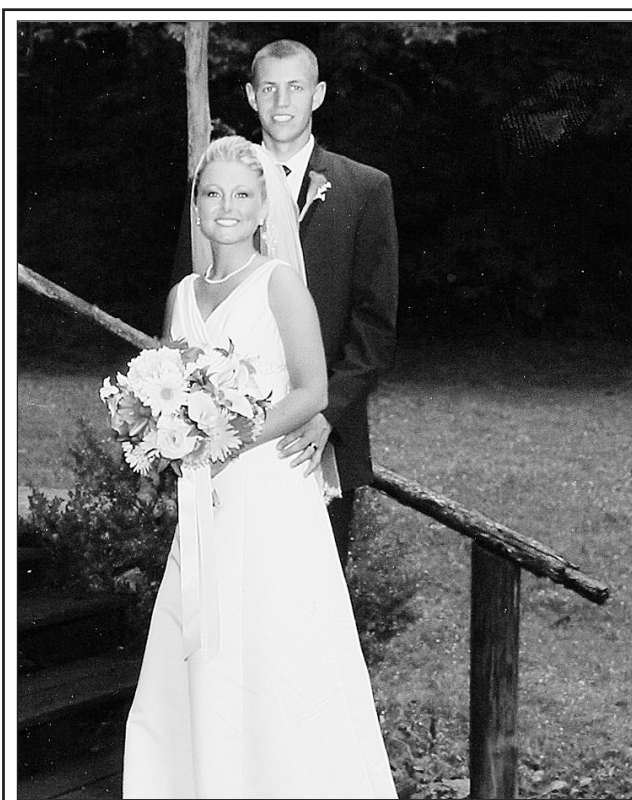

5. Never say "never." "I would never put up with that," she said. "If my husband did that he would be out on his ear." Two years later when her husband did the same thing, she stayed with him.

6. Do not judge the one who asks for advice. Instead, be understanding.

7. Do not make "should" or "ought" statements. "You shouldn't have done that" is not a helpful thing to say. No one can go back and undo what he has already done. Look to the future without judging the past.

8. Ask questions to help the advice seeker decide what he should do. The best advice is no advice. The best advice is "let me help you figure out your next move." People are more likely to act on conclusions that they draw themselves.

Deadline Nears: FSA Accepting County Committee Nominations

Farm Service Agency (FSA) is now accepting farmer and rancher candidate nominations for local Farm Service Agency (FSA) county committees. The nomination period continues through August 2, 2010, with elections taking place this fall. Ballots will be mailed to eligible voters November 5th and must be returned to the local FSA office by December 6th.

FSA county committee members make decisions for a variety of agricultural-related programs, including disaster, conservation, emergency and commodity price support.

Members serve three-year terms. Nationwide, there are about 7,800 farmers and ranchers serving on FSA county committees. Committees consist of three to eleven members who are elected by eligible producers.

To be eligible to serve on a FSA county committee, a person must participate or cooperate in a program administered by FSA, be eligible to vote in a county committee election and reside in the local administrative area in which the person is a candidate.

Producers may nominate themselves or others, and organizations representing minorities and women may also nominate candidates. Nominations for LAA Number 1, Community A (Western section of Rockcastle County bound by Pulaski, Lincoln and Garrard Counties on Highway 70, Hwy 150, I-75 and Little Hurricane Rd.) must be completed and turned in to the FSA Office no later than August 2, 2010. Individuals may nominate themselves or other eligible candidates by completing form FSA-669A (Nomination Form for County FSA Committee Election Nomination). Form FSA-669A for the 2010 election must be postmarked or received in the local USDA Service Center by close of business on August 2, 2010.

The form and other valuable information about FSA county committee elections are available online at www.fsa.usda.gov/elections.

"What Is Written"

One of the stark realities of living, is that life is full of uncertainties. We never know what may come across our paths. Ponder Heb.9:27, "And as it is appointed unto men once to die, but after this the judgment:" Though we know we are going to die, we do not know how or when it will take place. We never know what will befall us as we travel down the highway of life. Disease, accidents, mishaps, comes a wide variety of shapes forms and sizes. But God has promised that he will not suffer us to be tempted above what we are able, 1 Cor.10:13, "There hath no temptation taken you but such as is common to man: but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it." Paul gave us this promise, Phil.4:13, "I can do all things through Christ which strengtheneth me." Riches of this world are uncertain, but we can put our trust in a certain God, 1 Tim.6:17-18, "Charge them that are rich in this world, that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; That they do good, that they be rich in good works, ready to distribute, willing to communicate;" Yes, life is uncertain, but we can certainly make preparations for death and for the certain day of judgment to come; through Jesus Christ the Lord.

SCHOOL BUS RULES AND REGULATIONS

The privilege of any pupil to ride a school bus is conditioned upon their good behavior and observance of the following rules and regulations. Pupils violating these rules and regulations shall be reported to the principal of the school which the pupil attends for necessary corrective action.

Safety is the primary concern in the transportation of pupils. In order to assure proper safety, it is vital that pupils and parents understand the rules and regulations of school bus riding. Following is a list of basic rules and regulations adopted by the Rockcastle County Board of Education and the Kentucky Department of Education:

1. Arrive at a bus stop on time. The bus has many scheduled stops and cannot be delayed.
2. Never stand in the road while waiting for the bus. Parents should encourage safety measures for pupils as they wait for the bus and walk home from the bus.
3. Cross a safe distance (10 feet) in front of the bus so the driver can see you.
4. Take a seat upon boarding the bus and do not change seats while the bus is in motion.
5. The driver is in charge of the bus and pupils and has the authority to assign seating arrangements.
6. Keep noise to a minimum so that the driver's attention can be devoted to driving.
7. Do not extend arms, legs or head out the bus windows.
8. Obey the rules posted on each bus.
9. Do not block aisles in any way.
10. Knives/other sharp instruments are not permitted on the bus.
11. Never run toward the bus. Always load and unload when the bus has come to a complete stop.
12. Apply the above rule (No. 11) when transferring buses.
13. Never use the rear exit unless an emergency exists.
14. Ride only your assigned bus unless you have a signed note from the principal. Parents must write or call the principal to obtain permission for pupil to ride another bus or to exit at a different stop.
15. Report any damages to the bus.
16. Do not occupy more space in a seat than required.
17. Open and close windows in compliance with the driver's instructions.
18. Pupils and parents are to accept the responsibility of listening for dismissal announcements on the radio on days when inclement weather disrupts the regular schedule.
19. The following rules are of particular concern and the activities mentioned are prohibited at all times:
 - a. Use of profane/foul language.
 - b. Smoking or other use of tobacco on the bus.
 - c. Fighting on the bus.
 - d. Destruction of bus property.
 - e. Defiance of driver's authority.
 - f. Throwing objects on or from the bus.
20. **Disciplinary Action:** Violations of the above stated rules and regulations shall be reported to the appropriate school principal. The principal shall record the incident and determine the appropriate disciplinary action. Should any pupil persist in violating any of these regulations, it shall be the duty of the driver to notify the principal and, after due warning has been given to the pupil and such violation persists, the principal and/or board of education shall then forbid such disobedient pupil the privilege of riding the bus. Written notice of the action of the principal shall be furnished to the parents and the superintendent.

Ride only your assigned bus unless you have a signed note from the Principal.

Parents must write or call the principal to obtain permission for pupil to ride another bus or to exit at a different stop.

Dangerous clothing that can get caught in handrails, doors or other areas include:

- Jackets or sweatshirts with drawstrings
- Backpack straps
- Scarves or other loose clothing

Please talk with your children about these Safety Rules:

Stay away from Danger Zones around the bus

If you drop something near the bus, don't pick it up. The driver may not see you. Tell the driver and follow his/her instructions.

Remember that motorists don't always stop for the school bus. Use extreme caution when getting on or off the bus.

Marching Rockets begin new season

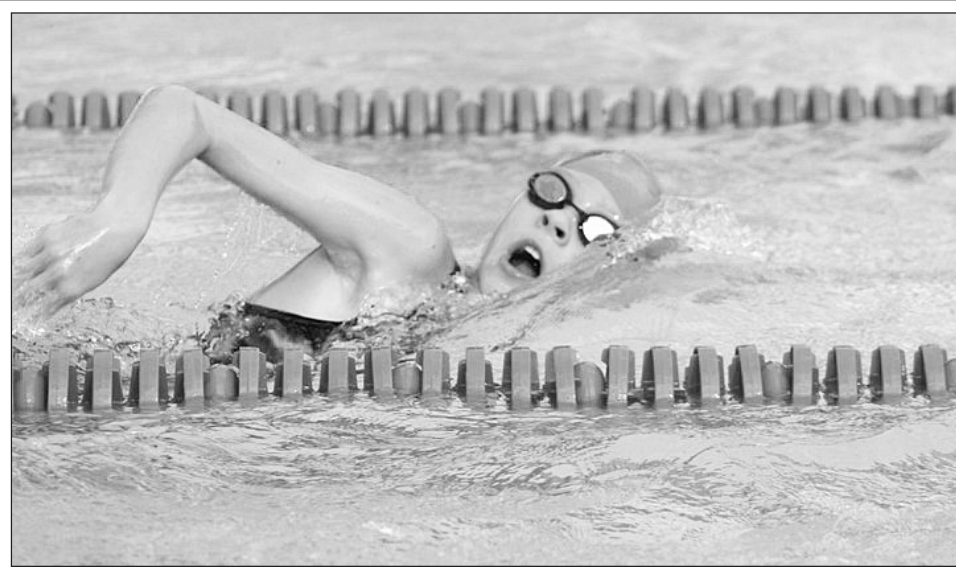

Submitted by A. B. Sharpe
I'm back and it looks like I'm just in time. The 2010 Marching Rockets began their season last week with several hard days of orientation and marching drills. This season the Rockets are almost half newcomers. There are 44 members in all being led by senior Sarah Morgan, the 2010 Field Commander. This

is Sarah's third year with the band. She is accomplished in several instruments; her first year with the Marching Rockets she played in pit percussion and last year she played the flute. She also played the saxophone in Jazz Band. She was quite surprised when she was announced as the new Field Commander at the end of May after winning the vote by band members. "A big part of being Field Commander is being a positive example, respected by your peers."

Sarah attended the UK Drum Major Camp in June to learn the skills necessary to lead and conduct a marching band. Foremost was "turning negatives into positives. At Drum Major Camp no negativity was allowed." Sarah is really excited about the upcoming season, "I hope to learn from the experience and of course I hope to play a part

in going to State for the third time." When asked about her future plans she said, "I'm thinking about possibly going into music education, but music will always be a part of my life."

Last week, amid all the hard work, the band had some fun with the age-old favorite "Drill Down". This favorite elimination game starts out with all band members lined up and ready to respond to the barked commands of Mr. Daugherty. "To-The-Ready." "Detail Atten-Hut-Hut." "Detail Left Hace." "Detail About Hace." "Detail Parade Rest-Hut." "Mark Time March Up-Down." "Forward March-Lift And Step." "Backwards March-Lift And Step." "Detail Right Hace." "Detail Halt-Pop, Stop." Band members are eliminated if they fail to execute the command properly and timely. It is really exciting to watch because the commands come faster as the contestants dwindle in number. Thursday's grand winner was sophomore baritone player Matt Gonzalez. Friday's contest was especially long as freshman Austin Helton and junior Josh Stallsworth, both saxophonists, went head to head round after round. It went so long that shouts rang out "let there be two winners." And Mr. D emphatically stated that there would "only be one man left standing, like American Idol, only one grand champion." Friday's grand winner was

The Cedar Rapids Dolphins Swim Team will be ending their season Saturday, July 31 at the Southeastern Kentucky Swim Conference. The conference will take place at the Russell County High School Aquatic Center in Russell Springs. The Dolphins are 2 and 2 in their regular season, swimming against Lakewood Country Club (Russell Springs) and Crooked Creek Country Club (Laurel County). Cedar Rapids has close to 60 swimmers. This year's coaches are Carrie Mullins and Dr. Callie Shaffer. Pictured above is Rachel Cain swimming in the 11-12 girls 50 yard freestyle.

To: Parents and Guardians of Brodhead Elementary students From: Brodhead Elementary School staff and PTG

We are beginning to get things ready for the upcoming school year. We look forward to working with you and your child. I am sure that together, we can give your child the best education possible.

We will be conducting "Back to School" night on **Tuesday, August 3, 2010**. We will have specific times to meet with students in each grade level. At that time, you will meet all of the teachers in that particular grade level. They will go over information that you will need to know about how the school works, the curriculum that will be taught, what your child will need to know before moving on to the next grade and who your child's teacher will be.

After this brief meeting, you and your child will be able to go to your child's classroom and spend some time with your child's new teacher. The purpose of this is to help your child be ready for the first day of school. This is your opportunity to see your child's class, meet many of their classmates and their teacher. **On the first day of school, parents are not allowed to accompany their child to the classroom**, but we will have an orientation meeting for kindergarten parents in the library at 11:00 on that first day.

Kindergarten/Preschool	4:00 Gym	Third Grade	4:00 Cafeteria
First Grade	4:30 Gym	Fourth Grade	4:30 Cafeteria
Second Grade	5:00 Gym	Fifth Grade	5:00 Cafeteria

School supply lists are available in the office this summer from 8:00 to 3:00. You may drop off supplies on Back-to-School night. Every child will also need a standard size backpack that is clear or mesh and not on rollers. Please write your child's name on all school supplies, especially the backpack. This is also a good idea for lunchboxes and jackets.

If your child is a new student to Brodhead, either through moving to Brodhead or being a kindergarten student you will need the following items before you can attend BES:

- Immunization Certificate (Kentucky form)
- Eye Exam (Kentucky form)
- Physical (Kentucky form)
- Copy of birth certificate (not hospital copy)
- Social Security Number
- Dental exam

Roundstone School Registration for New Students

**Dates: Monday, August 2nd
9 a.m. to 2 p.m.**

You will need to bring the following:

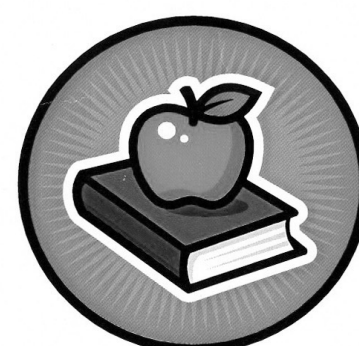

- Physical (must be on Kentucky form)
- Immunization Certificate
- Eye examination
 - All children from ages 3-6 who are entering public preschool, Head Start or public school for the first time must have an eye examination by an optometrist or ophthalmologist no later than January 1st of the school year.

Rockcastle County Republican Party elected two new officers Tuesday night. Travis Burton, above left, was elected to fill the remaining term of outgoing Chairman John Ford and Kevin Canterbury, second from right, was elected to replace Burton who was serving as Youth Chairman. Pictured from left are: Burton, Secretary Brenda McKnight, Treasurer Janet Vaughn, Canterbury, and 5th District Republican Chair Shannon Ricketts.

Rockcastle residents now offered half-price tickets for Renfro shows

As a way to demonstrate an appreciation to the community, Renfro Valley Entertainment Center, now offers 50% off shows during the entire season to Rockcastle County residents.

When family and friends visit, and you want something to do, come on down to the Valley. We'll entertain them for you. Renfro Valley offers shows Wednesday through Sunday.

We can also feed them a delicious home-cooked meal at the Historic Lodge Restaurant. We even have clean, comfortable and quiet rooms for your guests to spend the night if you don't have an extra bed at your house. Or if they show up at your door in an RV, don't forget we have a

full-service campground in the Valley.

Created especially for our "neighbors" in the County, it's our way of saying thank you for your support over the years. County residents simply show their drivers license when purchasing tickets to receive the discount. Headliner concerts, festivals and special events do not apply.

Renfro Valley is good for the community, region and state and offers a variety of family activities from shopping, picnics and family entertainment. Make your visit to Renfro Valley complete by attending one of the many great shows, concerts, or special events Renfro Valley has to offer. Whether it's Bluegrass, Gospel, Traditional or

today's Country Music, Renfro Valley offers something for everyone. Come watch the "stars" come out.

The popular entertainment complex, which includes the Historic Lodge Restaurant, lodging, RV Park, two state-of-the-art show barn theaters, meeting facilities, Country Music Store and quaint shopping village, is located on Hwy 25 just off I-75, Exit 62, 45 minutes south of Lexington.

For reservations and information about Renfro Valley shows, concerts, festivals and special events, call "Kentucky's Country Music Capital" at 1-800-765-7464 or 606-256-2638. Visit Renfro Valley's website at www.renfrovalley.com.

Burton will lead local Republican Party

Northern Kentucky University law student Travis Burton was elected, by the Rockcastle County Republican Committee, as the party's Chairman on Tuesday night.

Local attorney John Ford, who led the party as Chairman for the last seven years, was ineligible to seek re-election after being appointed as the local Master Commissioner. Ford's appointment is of a non-partisan nature and treated just like a judgeship, which prohibits him from serving in a party leadership capacity.

A Quail native, Burton has been Republican Youth Chair for the county since 2004. His

resume also includes working on the staff of United States Senator Mitch McConnell in Washington D.C., being a Page at the 2004 Republican National Convention, and re-organizing the local Young Republicans Club. More recently, he was heavily involved in State Senate candidate Jared Carpenter's victorious primary race.

"Rockcastle County is home. I love this place and being active in the political process has given me wonderful opportunities to be involved in our community. I am thrilled to have this chance and vow to work hard to promote the principles that the

Republican party stands for," Burton said.

Also at the meeting, Rita Mize, of Livingston, was elected as Vice-Chair. The Vice-Chair position has been vacant since the 2009 tragic death of long-time Republican party activist Juanita Davis. In memory of Ms. Davis, the party offered a tribute to her at the annual Lincoln Day in February.

Kevin Canterbury, of Roundstone, will become the party's new Youth Chair, which became vacant after Burton's promotion.

Rogers secures funding for two MVPD vehicles

U.S. Congressman Hal Rogers (KY-05) recently announced that the U.S. Department of Agriculture - Rural Development (USDA-RD) program has approved a \$73,604 grant for the city of Mt. Vernon Police Department to purchase two new 2010 Ford Explorers and one new 2010 Ford Crown Victoria. The vehicles will be used to provide efficient and effective emergency and law enforcement services for the 2,596 citizens of Mt. Vernon and for the surrounding areas of Rockcastle County.

"Providing our police departments with equipment to adequately deal with any emergency situation is essential to protecting each and every Kentuckian," said Rogers. "Reliable transportation for our police officers is critical to solving problems, getting through rough terrain, responding quickly to an ac-

cident, and allowing first responders to focus on their jobs, not their cars. This USDA investment in Rockcastle County is a step in the right direction and I am continually impressed by the loyal friendships forged between the USDA and the rural communities in our region of Southern and Eastern Kentucky."

The USDA-RD community facilities grant program assists small towns and rural areas of up to 20,000 in population in equipping, improving, and constructing community facilities for health care, public safety and other public services. Grants are awarded to municipalities, counties and non-profit corporations. Areas with low population and low income receive preference in the evaluation of grant applications.

"After last year, she really has concentrated down the stretch. She doesn't lose her focus; she really wants to win and she's learning how to finish good rounds of golf," says her father David.

David says that Hannabeth started learning how to play golf at the age of two, and she has been playing on the RCHS Girls' Golf Team since she was a third grader. She attributes a great deal of her success to the relationship she has had for the last four years with Tennyne Ohr, a swing coach at Man

O'War Golf Center.

"We just click," says Hannabeth of her relationship with Tennyne. Hannabeth consistently drives the ball 230 yards off the tee.

Amid all of her accomplishments, Owens remains grounded with her expectations. "I just want to improve. Sure, I love the idea of playing college golf, but that's a long way down the road. If I continue to work on my fundamentals good things will happen," she says.

Health Department awarded \$36,000 grant to fight obesity

The Rockcastle County Health Department is one of three health departments in the state that was recently awarded a Healthy Communities Grant. A local Healthy Communities Board, made up of the heads of different government agencies and community stakeholders, is currently conducting meetings to determine how to best spend the funds.

Lynett Renner, Director of Nutrition Services with the Cumberland Valley District Health Department, is leading the board. She said the ultimate goal is clear, "We want our community to be a place where the healthy choice becomes the easy choice."

According to studies, it is estimated that 37% of our

adult population is obese and that up to 26.1% of children aged 2-5 are considered overweight. Renner says Rockcastle County joins the nation in the growing obesity epidemic that increases our risks for developing diabetes, heart disease, and a multitude of other chronic disease and health problems.

Renner says that obesity is a complex problem. "Most all of us know that if you eat too much and that you can gain too much weight. But there are many other factors that play a role in obesity such as economics, environment, heredity, and stress. For example, if my community is not designed to encourage walking, would it be an easy choice to make walking in

town as part of my daily habit? Also, consider access to healthy foods. If a family goes to a restaurant and finds a double cheeseburger on the menu for \$1, yet a healthy choice such as a grilled chicken sandwich is \$4, which choice is the easy choice if the amount of money I can spend is limited? We can contribute to the health problems of our community by not considering how to enhance policies that will increase our access to healthy foods and physical activity."

One of the first steps taken in the decision-making process for the board was a Walkability Survey in Mount Vernon. The survey is endorsed by the Partnership for a Walkable America and the

US Department of Transportation.

Sidewalks that incorporate walking and bicycling along our roadways is one of the most effective ways or policies that our communities can develop to increase physical activity. Nancy Keber, Rockcastle Health Department, reported, "Our 2-mile walk started at Triangle Park and continued down West Main to Highway 461, Williams St., School St. and ending on Richmond Street. The new sidewalks on Richmond Street were a welcome relief after a pleasant but difficult walk." The walkers found some sidewalks that were broken and buckled that could lead to unsafe footing. There were retaining walls along the

sidewalks that were leaning as well as some narrow access due to overgrowth of vegetation, and fast drivers. The group saw that the crosswalk path, painted at Mt. Vernon Elementary has almost faded away, and they have made the recommendation that the crosswalk should be repainted to increase safety for students walking to and from school.

If you are concerned about improving the health of Rockcastle County, the Rockcastle Healthy Communities Board would like to invite you to become involved. The meetings are scheduled for every second Tuesday of the month, 11:30-12:30, at the Rock Fire Steakhouse.

The Rockcastle Healthy Community Project will fo-

cus on three action areas: to develop and enhance access to community walking, biking paths and sidewalks to promote active living, to increase access to healthy foods and physical activity, and to implement or encourage policies to reduce exposure to second-hand smoke.

"Health officials are predicting that our children today will not have the life expectancy that is predicted for their parents due to the effects of obesity, lack of physical activity and other lifestyle choices. It is just unacceptable to me," Lynnett shared, "that my kids, OUR kids may not have the same opportunity for a long, healthy, quality life. We have to work together as a community to make changes that will last more than our lifetime."

The Rockcastle County Healthy Communities Board opted to perform a walkability survey as part of a \$36,000 grant the community was awarded to fight obesity. After a two mile walk, beginning at Triangle Park and continuing down West Main St. to Hwy 461, the survey concluded the new sidewalks were a "welcome relief." However, they still found sidewalks that were broken and buckled that could lead to unsafe footing.

Over 500 attend Redi-Fest held at Mt. Vernon Elementary Monday

James Baggett watches on as Jamie McFerron, with Rockcastle County Schools, offers notebooks to his daughters, Trinity and Starla. Organizers of the event estimate nearly 200 families made up of over 500 individuals attended the REDI-FEST event intended to provide parents help with back to school costs.

Rose Brown represented the Kiwanis Club at Monday's event held at MVES. Above, she provides supplies to Isaiah Bowles, Kaden Fletcher, Xander Fletcher, and Marshall Cobb.

Linda Osborne, representing the Migrant Program, is shown above with Joanna Powell with students Dakota Powell, Makayla Powell, and Byron Abney.

Kelly Loudermilk is shown in front of the Adult Education booth with student Skyler Shearer at MVES on Monday. The event was largely organized by the Family Resource and Youth Service Center Coordinators in Rockcastle County.

Above, Mount Vernon Elementary School pre-school teachers Courtney Rigsby and Sheena Miller were in attendance to register their incoming students for the upcoming school year.

Did you reverse your ceiling fan rotation for summer? Making sure your fan is spinning in the right direction for the season can help you save more energy dollars than most people think by making the home feel at least **4 degrees cooler!**

How do you know when the fan is going in the right direction at the right time of the year? Stand directly under your ceiling fan and look up. In the summertime, and with 12 o'clock being at the top, the blades should be turning counter-clockwise and you should feel the breeze. You also want to use the higher fan speeds in the summer. It's the air movement against your skin that makes you feel cooler! If you feel a breeze, you're on the mark!

Note: In the winter, keep your fan on the low settings. This will help circulate the warmer air that tends to rise back down into the living area without creating too much of a cooling breeze.

Remembering the phrase "**Counter keeps you cool!**" will help remind you that counter for the summer and clock is for the winter!

ABSOLUTE ESTATE Auction

of
The Late Ms. Pairlee Hensley's
Commercial Building and
Fabric Inventory

Friday, July 30, 2010 at 10:00 a.m.
Near I-75 Exit 49,
9342 North US Hwy 25,
East Bernstadt,
Northern Laurel Co, Ky

LOCATION: From I-75 Exit 49, turn north toward US 25. Proceed to US 25 and turn toward London. Go 1,000 feet and turn up the hill to the property. Auction signs are posted.

In order to settle the estate of the late Ms. Pairlee Hensley, our firms have been authorized by Jennifer Hill, trustee to sell the real estate, equipment and inventory of the Fabric 4U shop for the absolute high dollar. The building and the mobile home will be offered separately and then together selling in the manner which brings the best returns for the sellers.

COMMERCIAL BUILDING: The property consists of a large metal commercial building measuring 50 x 200 with approx. 10,000 sq ft of usable area. The building's height is approx. 12 ft at the exterior walls and increases to approx. 13.6 ft in the center. The building has concrete floors, bathroom, city water, septic, central heat and air. The building would be ideal for retail or a shop and is situated on 6.89 acres.

MOBILE HOME: In addition to the commercial building, we will be selling a 12 x 60 mobile home with three bedrooms, kitchen, living room, and two baths. The home has electric heat and city water. The mobile home if sold separately is to be moved.

EQUIPMENT AND INVENTORY: We will be selling thousands of yards of drapery and upholstery material such as velvets, suede, tapestry, floral prints, and much more. This auction offers one of the largest selections of decorative trim in Kentucky including: bullion, brush, rope, tassels, and feather just to name a few. There is a large selection of different size and color of tassels and tie backs as well as wall hangings, home decor, some furniture and much more. There is a cash register, shelving, showcases, fabric racks and a counter – a complete liquidation. These items will be selling in dealer lots.

ORDER OF SALE: The real estate will sell first. The equipment and material will sell immediately thereafter.

AUCTIONEER'S NOTE: Although this building has been used for a fabric store, it would be ideal for many other uses such as an industrial shop or retail. Conveniently located only ½ mile off I-75 on US 25. So mark your calendar to attend this auction on Friday, July 30th at 10:00 a.m.

TERMS: Real estate: 20% down day of sale, balance in 30 days. Personal Property: Cash or check in full day of sale. MasterCard or Visa will also be accepted with a processing fee of 3% (or minimum \$3.00 fee).

Announcements day of sale take precedence over printed matter.

For additional information, contact the selling agents.

378 volunteers make 2010 PRIDE Spring Cleanup a success

By James Renner, Rockcastle County Solid Waste Coordinator

I would like to take this opportunity to once again thank all of the volunteers and volunteer groups that participated in the 2010 PRIDE Spring Cleanup. This was a very successful spring cleanup!

There were a total of 378 volunteers that worked a total of 823.75 hours to clean up 1138 bags of trash, 111 tires, and 3 gas tanks over a span of 62.35 miles along 44 different stretches of road-

side. These numbers do not include the totals from The City of Mt. Vernon and The City of Livingston.

Congratulations on a job well done!!!!

The following groups and persons participated in the cleanup: (Concerned Citizens of Cleft Rock) Robin Botkin, Becky Botkin, Ryan Haney, Connor Haney; (Scaffold Cane Baptist Church Youth Group) Jeffrey Lewis, Caleb Coffey, Samuel Coffey, Marcus Bolyard, Amber Lewis, Jessica Mason, Jared Johnson, Kadi Cobb, Tim

Thinking About Cleaning Your Carpet! Some things to think about...

What is the best way to clean my carpet, should I use the old technology of steam cleaning or the new technology of dry foam?
Test results from Consumer Report, 2008.
Option 1: Steam Cleaning-How does it work?
A. Steam Cleaners saturate your carpet and floor pad with hot (150° degree) soapy water containing lye and bleach to help dissolve stains.
B. After your carpet reaches its maximum saturation point the solution is then extracted by means of a commercial shop vacuum.
The results: Removes less than 20% of the soil from the carpet driving the remainder down deeper into the carpet fibers. The lye/bleach solution used by steam cleaners to dissolve stains fades carpet colors. Drying time is 1 to 5 days depending on the carpet texture. As a result of the water saturation, carpet fibers harden and the floor pad remains damp, which promotes bacteria growth and mildewing, causing carpet threads to rot, shortening the life of your carpet. Carpet manufacturers recommend that you do not steam clean carpets.
Option 2: Dry Foam-How does it work?
C. Carpet fibers are agitated with carpet combs to separate the fibers loosening dirt particles, which are then dry cleaned with an industrial strength vacuum.
D. The carpet is then shampooed with horse hair brushes using Dry-Foam lather, a solution that contains six different cleaners and fabric softener, color brightener, deodorizer, disinfectant, crystalline agent, scotch guard, & degreaser. Does not contain lye or bleach.
E. Carpet fibers are then groomed to fluff up worn walk areas to give a uniform look to the carpet.
The results: Removes over 90% of carpet soil. Rejuvenates and brightens colors and patterns of carpets. Drying times is less than 2 hours. Floor pads remain dry-Fabric Softener makes carpets soft again-Promoting the life of the carpet. Carpet manufacturers recommend Dry Foam to clean Carpets.

Rockcastle County Recycling Trailer Schedule Changes

The Rockcastle County Recycling Center is now providing recycling drop-off opportunities in outlying areas of Rockcastle County. Due to the purchase of two new recycling trailers, beginning June 1st, the recycling trailers will be left permanently at the following locations: City of Brodhead (gravel lot across from Citizens Bank), City of Livingston (gravel lot across from old Livingston Gymnasium), Brindle Ridge Volunteer Fire Department (at Conway), and at the Pongo Volunteer Fire Department. The trailers will only be pulled out to empty them and will then be taken back to the same location.

The following items may be put in these trailers: mixed paper, mixed plastic #2-7, #1 plastic bottles, clear milk jugs, steel and aluminum cans, glass bottles and jars, and cardboard.

Please help us make this a successful venture by being clean and/or neat with our recycling habits. Do not put anything in the individual bins except what is labeled on them. If you drop something on the ground, pick it up. **Absolutely no trash is to be put into the bins!** Remember, camera surveillance is utilized in Rockcastle County and it is illegal to improperly dispose of trash.

Absolutely no classifieds can be placed over the phone without paying at time of placing advertisement

CLASSIFIED ADS NOTICE

All classified advertisements must now be paid for in advance.
