Woman beaten in home invasion

By: Sara Coguer

Around midnight Tuesday evening, Mt. Vernon Police Officers received a call of a possible home invasion in the Woodland Place Subdivision off West Main Street. At 12:17 a.m., officers arrived and found a 49-year-old female that had been assaulted. Glendle D. Hembree, 19, of Mt. Vernon, has been arrested and charged with burglary 1st degree and assault 2nd degree in the incident. According to police, Hembree broke into the woman's residence by pushing an air conditioning unit out of a window. The noise awakened the victim who

Rockcastle remembers its fallen heroes

"To those who lost their lives during combat in Foreign Wars," was the theme of the Memorial Service conducted on the courthouse lawn Monday, honoring the Rockcastle sons, who gave their life in the cause of freedom. The service was sponsored by the local chapters of the Daughters of the American Revolution, American Legion and the Veterans of Foreign Wars. Former Mt. Vernon Mayor

and Vietnam Veteran Gary Cromer served as Master of Ceremonies and opened the service with a welcome to the crowd and then led them in the reciting of the Pledge of Allegiance. This was followed by Pastor Mark Eaton with an opening prayer and Posting of the Colors. The Color bearers were Roger McClure (VFW), Coleman Russell & Anthony Hansel (America Legion), Chief Terry Jackson and Officer

Nathan Price (Mt. Vernon Police Department.) The Color Team was led by VFW Commander B.J. Thomason, a veteran of the Iraq War. Cromer delivered a very heartfelt speech that touched on the history of Memorial Day and why we should honor our county's fallen soldiers. The names of Fallen Rockcastle soldiers were read from the Roll of Honor by: (WWI) Mayor Mike Bryant, representing the town of Mt. Vernon, (WWII) Veteran James Earl Hammons, representing the U.S. Marine Corps, (Korean War) Willetta Owens, widow of WWII Veteran Clyde Owens, representing the U.S. Army, and (Vietnam War) Joyce Baker, widow of Korean War Veteran Floyd Baker, representing the people of Rockcastle County.

To honor those whose life's blood was shed in the cause of freedom, American Legion Post 71 Commander David Owens, a Bosnian and Iraq War veteran, forwarded a wreath to bearers Laura Durham and Norma Mullins, representing the

Daughters of the American Revolution, who laid the wreath. This was followed by Laura Durham, leading the audience, in a stirring rendition of the singing of

Traffic stop results in man arrested

By: Sara Coguer

Kentucky State Police arrested a man after a traffic stop on Copper Creek Road in northern Rockcastle County last Thursday. According to police, Tommy Reynolds, Jr., 31, of Crab Orchard, was arrested and charged with driving under the influence, possession of drug paraphernalia, possession of a controlled substance 1st degree and other drug and traffic offenses. During the stop, troopers located a cosmetic container on the roadway that had reportedly been thrown from the vehicle. Troopers found several items of drug paraphernalia and approximately 3.5 grams of methamphetamine. Reynolds, who was lodged in the Rockcastle Detention Center, was due in court Wednesday.

Ramblings . . .

As I have designated myself the unofficial food critic for the greater Mt. Vernon area, I have to pass along a new restaurant to you.

If you haven't eaten at the Back Porch Restaurant in the Village at Renfro Valley, you need to. My two companions and I (that's how they say it in real restaurant reviews, but it was just Jason and Spencer) went there last Thursday for lunch and wow, it was good.

They serve barbeque just about any way you want it.

We all three got the pulled pork on a plate (instead of a bun) with two sides and a roll. This all comes for under \$6 and it was well worth it in both the taste and amount of food. We had four of their sides and I tasted each (baked beans, coleslaw, potato salad) but the fried potatoes were to die for.

They were so good, some good and dark brown and crispy and some soft, yum! They almost outshined the pork, but not quite. They have been open a little over a month, so go by and see them sometime. They are open for breakfast, lunch and dinner, except they close early on Sundays.

Watching my house being built, by Todd Construction, has been exhilarating to say the least. In just three weeks, they have excavated, dug a huge partial basement, laid and bricked the foundation, framed the basement, floored the main floor and as I am writing this they are framing the main floor.

Oh, they also built Jason a 16x16 storage building that he "had" to have. I jokingly gave them my 40th birthday as a completion date (July 25th) and I believe they took me seriously!

We have not gone out there a day (and we have gone out there every day), and except for Sundays we have seen something different each day - even those days when the weather was cruddy. I have been amazed, and Jason's Uncle Don has given his stamp of approval on everything that has been done so far so that makes me happy.

We have our own secret weapon, though, in Jason's Aunt Patty. We've decided to call her the "site foreman" because we believe she keeps them all in line when she is out there and they never know when she is going to show up. It will be our little secret, don't tell our builders!

One of our builders told

us he decided that since Patty had the "power of God" behind her, he was going to do whatever she said, regardless of whether or not he made us mad. Of course, he was joking, I think.

The Roots of Rockcastle

The Life and Times of an Era Long Past in Livingston

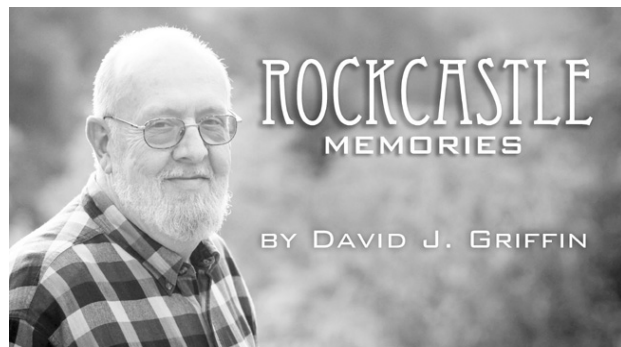

The school year has just come to a close here in Rockcastle County as it has, or is pending, in other counties all over the country. This past year has been another chapter in the young lives of students; some being the first chapter, and some being the last. The seniors will move on; some will stay here, and others will leave, perhaps never to return. In either case, they will carry with them the many, many memories they have forged the past twelve years of their friends, the teachers, the events, and the people and places that make up Rockcastle County. It will prove, as the years pass, to be more dear. I know that has been my experience.

I've recently met Letha Smith-French and she, too, has such fond memories of her school days in Livingston. She has put her thoughts and remembrances down in a small booklet that she was kind enough to share with me. It is called "Livingston Remembered". The following is taken from the booklet.

Do you remember the "real" Livingston? I do; I have some very special memories and I want to share them with you. Perhaps you will remember some of the very same things.

I moved with my family to Livingston at the ripe old age of 6 1/2 years old. Of course, there was school to attend and what a school, I was overwhelmed as I had only attended a one room school so far. The old building held the entire "works", classrooms, lunchroom, office (1) and the grand old gym with its oily black floor. Restrooms were the same as the one room school, outside!

I have so many memories of my school days and most of them are priceless. I was always excited when Halloween came, and it was time for the carnival. What

"Rock and Roll Will Never Die"

I was reading an article recently about how many rock and roll stars have en-

tered into their 70's but are still making hits and even touring. One quote from the article really got my attention. "These people came of age when you weren't supposed to trust anybody over 30, and they're on the road as grandparents and great-grandparents," said Gary Bongiovanni, editor of the music publication Pollstar.

The article went on to explain how many really big stars are turning 70 or have already reached that milestone in their lives. It made me recall a hit from 1958 by Danny and the Juniors called, Rock 'n Roll Is Here To Stay. I actually watched the group sing this song on American Bandstand on our black and white television. Listen to the lyrics with me. *Rock 'n roll is here to stay, it will never die*

It was meant to be that way, though I don't know why I don't care what people say, Rock 'n roll is here to stay Rock 'n roll will always be our ticket to the end It'll go down in history, just you watch, my friend Rock 'n roll will always be It'll go down in history.

My interest was piqued, and I thought about finding just how old some of my favorite artists are now, those that I "rocked" away with during most of the 1960's.

How about Bob Dylan? He turned 70 on May 24th and is presently touring in Israel. In 1965, he released one of his greatest hits called, Like a Rolling Stone. This song is listed as num-

Points East

By **Ike Adams**

Lovell and Lois Blair got married when I was but a very young lad. Lois was from Line Fork which was 15 miles from the head of Blair Branch but Lovell had a big Ford car and gas was like 18 cents a gallon and Lovell drove a coal truck for a living and he had that car to take him courting. He was not a rich man but he had the best job on the holler when he started sparking Lois Campbell.

And when he brought her home to get approval, every boy on Blair Branch automatically fell in love. She was the prettiest girl we'd ever seen. Still is, for that matter, and we all thought that Lovell was the luckiest man alive---and he still is. Just ask Lois if you don't believe me.

Mom and Dad had bought my Aunt Annie and Uncle Mander Caudill's old place and the house was setting empty when Lovell and Lois tied the knot. I think my Dad cared more for Lovell than he did for me and my Mom fell for Lois because she was the daughter Mom never had. I think I mentioned that she was oh so pretty. Still is.

So, anyway, Mom and Dad rented Mander and Annie's old place to Lovell and Lois and they lived there just up the hill above us. Lovell parked his coal truck there under the big black walnut tree in our back yard and I think he may have paid the rent with blocks of coal that he and Dad picked up beside the chute at Lawson's Mine. I just know that Lovell and Lois were family there for a few years and that Lovell was the ultimate big brother to

every kid on Blair Branch.

He taught me how to shoot a shot gun and he was patient beyond belief. He played the mandolin and probably still does.

So Lovell bought a Tom Turkey or maybe he won it at a shooting match but there it was, in the yard behind the grave yard and it was an evil looking bird.

Dad had a big yellow rooster and he was so mean he flogged the dogs. But he would let me catch him like he was a kitten and I would pack him around and pet on him. He didn't even have a name but Dad called him stuff that we can't put in the paper. And, suffice to say, he was responsible for many, many buff off springs.

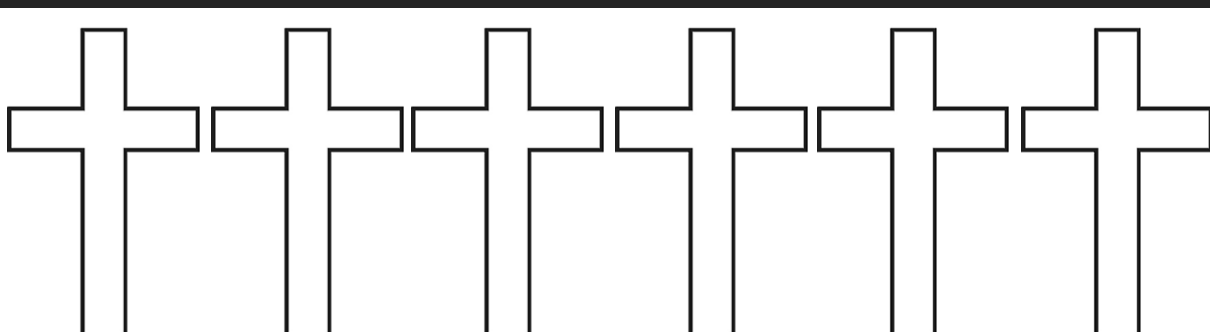

So one evening when I was probably in third grade, I took my rooster under my arm and I walked up the hill and yelled to Lovell that I was gonna sic my bird onto his turkey.

The turkey whipped the rooster in very short order and chased me off the hill for good measure.

But the rooster learned enough from that experience that he started getting cocky and he'd make threatening motions and sounds anytime anybody went into the barn yard. So one Saturday my father was in the barn's long hall and he was all bent over doing something. It was a sight the big rooster could not resist and he proceeded to flog Dad squarely in the posterior.

Dad grabbed him and wrung the rooster's neck.

That's probably the only time I've ever cried over chicken and dumplings.

Renfro Valley responds to Letter to the Editor...

Dear Editor,
 I am the Special Events Manager at Renfro Valley Entertainment Center and have worked in this department for eleven years. I am writing this letter in response to Mr. Hunt's Letter to the Editor (May 26, 2011). There are two sides to every story.

One of the responsibilities of my position is to oversee the backstage area of our New Barn facility where concerts are held. Our company's policy is to keep this area very secure for the protection of the headliner performers. In fact, many of the headliner performers require extra security. Each Road Manager provides me with a guest list for the backstage area. Exile did not give me a backstage listing, so I assumed no one was to be permitted backstage.

Standard contractual policy at Renfro Valley is to allow each headliner performing a fixed number of complimentary concert tickets plus complimentary dinner tickets for their band and crew members. Road Managers also provide me with listing for their complimentary tickets and meals. Mr. Hunt and his family were not listed as guests; however, they informed us at our Ticket Counter that they would pay for his tickets should he desire to see the concert. They did purchase him tickets, which later was refunded back to Exile for Mr. Hunt declined to come to the show. Where the food was concerned, I told Exile that Mr. Hunt was welcome to eat even though he wasn't on the list.

Renfro Valley had no problem with Mr. Hunt and his family attending the show or with them eating at the Lodge Restaurant. At no time was he or his family confronted by any staff member or owner from Renfro Valley and asked to leave the New Barn Theater or the Lodge Restaurant.
Sincerely,
 Sharon Stevens
 Special Events Manager

Dear Editor,

Upon reading Mr. Hunt's letter to the Editor my first reaction was dismay and shock that anyone would feel Renfro Valley would not extend a warm welcome - especially a welcome to someone from our own community. I decided it was imperative to find out exactly what happened while Mr. Hunt and his family were here to see Exile. I normally would not have written this letter to the Editor; however, since it was filled with so many inaccuracies I felt that not only Mr. Hunt, but the community, should be made aware of what actually occurred at Renfro Valley.

Our most important rule is GREAT customer service and to have someone feel not welcome is completely unacceptable. With that said, I regret all of the misunderstandings that occurred while Mr. Hunt, his family (especially his younger children, ages 6 and 4) were visiting with Exile at Renfro Valley.

In no way was Mr. Hunt or his children asked to

leave our premises by anyone from Renfro Valley. However, Renfro Valley has a strict backstage policy and not even Renfro Valley employees are allowed backstage when we have a headliner concert. We do this out of protection and privacy for the members of the band, and Renfro Valley has expensive equipment in the backstage area. Due to some miscommunication I believe this incident completely got out of hand. I didn't realize there was a problem and if anyone had just asked I could have cleared up any miscommunication and fixed the problem. However, if I am unaware there is a problem I cannot begin to even try to find the solution.

Renfro Valley would like to stress that everyone is welcome here. There are policies and procedures that we all must follow, but we would like to extend a welcome not only to Mr. Hunt and his family but to the community as well.

Sincerely,
 Vicki Kidd, CEO
 Renfro Valley LLC

"Roots" (Cont. from pg. A2)

would take a book to write about them. Suffice it to say, we had some great ones (and a few that were not). Teachers they truly were and I remember them fondly. Sometimes I can recall some of the wise and profound things they would say; for instance when Paul Holbrook ask me if I would please get his topcoat from the cloak room because he had just ripped his pants! One of the "hardest" teachers I ever had was Mrs. Jane Smith. It was very difficult to be in her class. I hate to admit it but there were times when I would ask for more help and she would turn me down because it wasn't fair to the other students in my class!!! But you know what, I really did respect her more for that and it taught me some valuable lessons. Mom was one in a million...(yes, I was partial.)

Livingston, in general, was a nice town in which to grow up. The people were friendly and everyone knew everyone else. Some of those people I remember so well were merchants. Remember Sam and Pearl Halcomb and the drugstore? A good spot for kids and for ice cream. I remember when my family wanted ice cream, I would go to the drugstore, get 6 dips of ice cream (in a bowl that I brought from home--yes I did) and it would cost 25 cents.----Now, don't that just kill you?

Bingham's Restaurant was probably the number one hang out for the kids. Mr. Dewey and Mrs. Bertha were like everyone's Mom and Dad. I get "warm fuzzies" just thinking about that place and all the good times we had there.

Of course we had grocers, Mr. Foster Mullins, Calvin Webb, Lee Mullins and Pauline and P. L. Poynter. It sure wasn't Wal-Mart but we spent a lot of our money with them.

Some of the places we liked to go to were sorta off-limits (don't tell) like Trolley Inn and Wes Settles place because we could dance there.

There were a few places in town where people could get jobs and not have to leave Livingston. Several service stations, repair garages, the casket factory, the merchants, the school and the theater. Dr. Webb started a movie house and it was just the place to be. Many happy hours whiled away there. Until you turned 12 years old, you got in to see a movie for 9 cents. But, when you were all grown up, you had to pay 40 cents. Dr Webb gave me my first job, I was an usher and concession stand attendant. I could see free movies and a salary of \$2.00 a week. And,

I only had to work nights and week-ends--oh well. Mrs. Webb opened a clothing store and that was a big plus for us.

Of course, there were several churches in town and all were well attended on Sunday mornings.

At one time, we had a skating rink in Livingston. Just one more thing to add to our happy days. No one can remember Livingston and not think of the Blue Devils, the very best basketball team/s ever!! What great times we had at the ball games. GO DEVILS.

And I know no one has forgotten Dr. Webb's office; the good old Doctor and his needle is something I will never forget. I say his needle, because I think he only had one...

I know it is hard to believe, but in the good ole days, Friday and Saturday nights were the nights when everyone went to town. It was hard to find a parking spot anywhere near town and the restaurants (we had four) were just packed and running over. I can remember at least 6 of us in one booth and the person on the outside end had someone sitting on their knee. A quarter got us 6 songs on the juke box and a five cent Coke would last most of the evening.

Not many of our gang had cars, but when one was available, we would all chip in for gas and have a great time, just riding around. We spent a lot of time at --"Do Better"-- my, oh my...By the way, 50 cents in gas sometimes was enough for Friday and for Saturday night, too!!

Like a lot of other people, I left Livingston after I graduated from high school and only went back for visits. Over the years, as I saw all of the changes in the town and the loss of people who had been so much a part of my life, I realized that it's true, "nothing stays the same": oh that it would. Wouldn't it be great to have just one more "good ole day"??

Ge e I hope I didn't get carried away with all the memories. I also hope that perhaps a name or a place has triggered a pleasant memory for you and that Livingston will always be remembered fondly.

Remember...Ernest Mink, Josephine Dickerson, Ted Meadows, Mack Bales, Richard Gentry, Ronald McNutt, Willard Stallsworth, Mr. McDaniel, Bobby Burdine, Ethen Owens, Irvin Smith, Preston Parrett, Tuck Baker, Laura Ruth Bingham, and Dr and Mrs Webb

"Memories" (Cont. from pg. A2)

ber one of the 500 greatest songs of all time by Rock and Roll Magazine. This Hall of Famer is still going strong and releasing new recordings after performing for five decades.

Another favorite "oldie" of mine is Neil Diamond, who also turned 70 this year. He is another singer/song writer who produced hits in every one of the last 4 decades. He was inducted into the Hall of Fame this year. I have been fortunate enough to see Neil in concert on three separate occasions, and he is, in my view, one of the finest performers ever, period. Some of his greatest hits include: Kentucky Woman, Holly Holly, Song Sung Blue, Cherry Cherry, Brother Love's Traveling Salvation Show, and You Don't Bring Me Flowers, which he sang with Barbara Streisand. Neil Diamond continues to "bring the house down" at his concerts.

Eric Clapton is the only three-time inductee to the Rock and Roll Hall of Fame. He is now my age - 67. Since the early 60's I have been listening to "Slowhand," as he is called, sing and play his amazing guitar. Rolling Stone Magazine ranked Clapton as number four in the list of the 100 Greatest Guitarists of All Time. It seems that he just gets better with age. His most recent CD's have continued to reach the top of the charts. It is difficult to find tickets for his often "sold out" concerts. His song Wonderful Tonight would rank in my personal Top 10 of all rock and roll songs.

Another of my all-time favorites is Bob Seger. He too is my age. I was fortunate enough to see him live at Rupp Arena in 1976. Then Kathy and I saw him a couple of years ago when he returned to Rupp. Seger too has been singing, writing, and performing for over 40 years and was inducted into the Hall of Fame in 2004. Three of his songs continue to be on my top 20 list including, Night Moves, Like A Rock, and of course, Old Time Rock and Roll, which has been charted as the second-most played Jukebox Single of all time. (Second only to Patsy Cline's Crazy.)

The last rocker that I want to include is Kris Kristofferson. This 75-year-old musician, writer, and actor is still going strong. He is known for his hits: Me and Bobby McGee, For The Good Times, Sunday Mornin' Comin' Down, and Help Me Make It Through The Night. In the late-seventies, I was able to see Kristofferson and his then-wife, Rita Coolidge, in concert at Rupp Arena. I still say it was one of the best shows I have ever witnessed. He got his start in Nashville, sweeping floors at Colum-

bia Studios, where he also met Johnny Cash. They became close friends and remained so until Cash's death. Kristofferson was inducted into the Country Music Hall of Fame in 2004.

As I have disclosed countless times, I have been and remain a huge fan of rock and roll music. My love for it sprang forth with its birth in 1954 when I was only ten years old. I was there in the beginning, and I

am still there today. I can remember the release of Elvis first 45 rpm single. I played it until the grooves were worn and it began to skip.

Over the past few years, many of you have contacted me to emphasize how the songs of our youth bring back memories that we continue to cherish and love to recall. See, it is just like the song said it would be - Rock and Roll will never die.

Raspberries and blackberries

The raspberry and blackberry are both brambleberries. All brambleberries are a valuable addition to the diet. They provide fiber and are a good source of potassium and vitamin C. One cup of raw berries contains 70 calories and no fat. The sweet ripened berry is tasty without added sugar and combines well with other fruits.

Look for plump fruit that is uniform in color and appears fresh. Berries should be free of stems or leaves. Avoid fruit that is moldy, crushed, or bruised. Store unwashed and covered berries in the refrigerator. Use within two days.

Handle all berries gently. Raspberries are more delicate and perishable than other brambleberries. Wash berries by covering them with water and gently lifting the berries out. Remove any stems and drain on a single layer of paper towels. Serve berries over cereal with milk or use in recipes for salads, pies, breads, and desserts.

Tom C. Warburton

Tom C. Warburton, 69, died Monday, May 23, 2011 at the St. Joseph Hospital in Lexington. A guy from Brooklyn, NY, he loved all sports especially baseball. He went to Brockport College to become a teacher,

after a stint in his student teaching he decided that wasn't for him. He enlisted in the U.S. Air Force, where he experienced some of his most memorable times. This was when he met his soul mate and wife of 45 years in Berea. After his discharge from the service, Tom and Barbara lived in Kentucky. This is where he started his career as an industrial engineer for Kawneer Aluminum. They moved to Lexington after four years where he started working in Frankfort at H.K. Porter as an engineer. This is where he worked for several companies until he retired at the age of 60. The

last nine years he followed many of his favorite sports and started cooking for his wife as a hobby. This is something he loved to do and doing for others. Tom, being young at heart, always loved playing with children including his nieces and nephews. He was a wonderful brother-in-law and son-in-law and husband. He will be greatly missed.

He is survived by: his wife, Barbara York Warburton; two brothers, George Warburton of Florida and Bob (Barbara) Warburton of New York; and one sister Patti (Phillip) Brown of New York. He is also survived by a host of nieces and nephews, close family and friends.

He was preceded in death by his parents George and Frances O'Brian Warburton.

Funeral services were held Wednesday, May 25, 2011 at Lakes Funeral Home with Pastor Shelby Reynolds officiating. Burial was in the Saylor Cemetery.

Pallbearers were: Alan York, Henry York III, Jimmy Erickson, Wayne Livesay, Larry French and David Reynolds. Honorary bearers were: Alvin Hampton, Phil Brown and Scott Warburton.

Russell Parsons

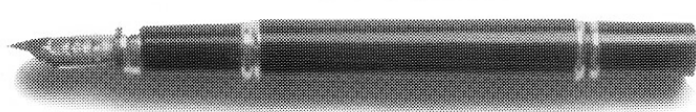

Russell Parsons, 81, of Brodhead, died Tuesday, May 31, 2011 at the UK Medical Center.

Arrangements are currently incomplete and will be announced as available by the Marvin E. Owens Home for Funerals.

Curious about the complete cost of a funeral?

Use of the Funeral Home.....	\$ _____
Automotive Equipment.....	\$ _____
Professional Assistance by Funeral Home Staff.....	\$ _____
Casket or Urn of Your Choice.....	\$ _____
Vault.....	\$ _____
Cemetery Property or Mausoleum.....	\$ _____
Total.....	\$ [?]

Bring this in and we'll fill in the blanks...

It's important to look at all the costs involved in funeral services because some funeral homes charge more for their services and less for their caskets and others will charge more for their caskets and less for their services. In order to do a fair comparison, you need to look at each item, line for line, to see what is included in the total price. Some funeral homes may offer you a "cheaper" price but do you know what you are getting for that "cheaper" price? You may be getting a lesser quality casket with no vault, no tent & chairs at the graveside for the family, no obituary notices, register book, flowers, etc. That is why you need to know what ALL is included in that "cheaper" price just as Federal Law requires.

We invite you to stop by our offices and we will be glad to tell you what ALL is included in our charges.

Stay cool and safe this summer

Hot weather and vehicles: A deadly combination for kids.

As temperatures heat up, children are at serious risk for heat stroke when left alone even for a few minutes in a closed vehicle.

When left in a hot vehicle, a young child's core body temperature may increase three to five times faster than that of an adult. This could cause permanent injury or even death.

"As a member of the Rockcastle Child Fatality Committee, I want to urge our community to NEVER leave a child in a vehicle. Have a safe summer."

An encouraging word:

Helpfulness permeates our culture

By Howard Coop

It was late in the afternoon on a beautiful summer day. After leaving the house, we picked up another couple for a leisurely drive to a nearby restaurant for a pleasant visit and an early evening meal. After driving about two miles, I was startled by a strange noise, and I felt a peculiar vibration. At that point, the shoulder of the road was wide, so I pulled over and stopped. As I walked around the car to inspect the tires, another car pull in behind my car and stop. Immediately, a stranger got out and pleasantly greeted me, "I see that you have a flat tire. I'll help you fix it."

In a matter of minutes, the problem of a flat tire was solved. The stranger I had never seen before did more than help me change a tire. He did that which needed to be done; he changed the tire for me. When the task was finished, I expressed my deepest gratitude, verbally and tangibly, to the stranger for his gracious act of helpfulness. Then, with a good feeling in the heart, I drove on to the restaurant to enjoy a pleasant meal and a period of good fellowship with our friends.

At one time or another, many persons have had similar experiences. When least expected, a daunting problem of some kind developed to dampen the spirit and impede progress. Then, unexpectedly, someone---a friend, a neighbor, or a stranger---came along at just the right moment and offered to help. With that much-needed help, an intimidating problem was easily solved, and life, seeming better and more pleasant, moved forward.

The spirit of helpfulness, which permeates our culture, is ancient. It comes from the Judeo-Christian tradition that for centuries has reminded us to "Help carry one another's burdens." This spirit brings immeasurable aid to those who need it, and it takes little from those who help. An ancient adage says it well: "A candle loses nothing by lighting another candle."

Bible Talk

Our study this month will be on the New Testament priesthood of Jesus and our priesthood.

The Priesthood of Jesus - It was prophesied in the Old Testament, "*The LORD hath sworn, and will not repent, Thou art a priest for ever after the order of Melchizedek.*" Psalms 110:4. We see this fulfilled in Jesus, "*So also Christ glorified not himself to be made an high priest; but he that said unto him, Thou art my Son, to day have I begotten thee. As he saith also in another place, Thou art a priest for ever after the order of Melchisedec.*" Heb.5:5-6. Jesus did not assume this role; for God called Jesus to this place of honor, as he did Aaron under the Old Testament. Here are 3 reasons why Jesus' priesthood is superior to the Levitical priesthood under the law of Moses.

- 1.) Those priests died, but Jesus has an unchangeable priesthood, for he ever liveth now, Heb.7:23-25.
- 2.) They offered sacrifices for their own sins and then the sins of people. But Jesus was holy, harmless, undefiled, separate from sinners, he was the sinless Son of God, Heb.7:26-27.
- 3.) Animal blood just could not take care of the sin problem. Heb.10:4, "*For it is not possible that the blood of bulls and of goats should take away sins.*" Only the blood of Christ has the real power to take away sin, Heb.9:25-26, Rev.1:5!

The Priesthood of Every Believer- In 1 Pet.2:5 & 9 we read, "*Ye also, as lively stones, are built up a spiritual house, an holy priesthood, to offer up spiritual sacrifices, acceptable to God by Jesus Christ . . . But ye are a chosen generation, a royal priesthood, an holy nation, a peculiar people; that ye should show forth the praises of him who hath called you out of darkness into his marvellous light.*" In this passage Peter is affirming the priesthood of **every** believer. For the book was addressed to the Christians scattered abroad, chap.1:1. In the New Testament order, there is not a separate group of the saints that serve as priests for the rest, as was in the Old Testament, (and as seen in churches of men). No, every child of God has the exalted privilege of becoming a part of this holy priesthood, this royal priesthood. Priests are those that offer sacrifices to God. Now we "*offer up spiritual sacrifices*" today under New Testament practice, by Jesus Christ our high priest. The Hebrew writer put it this way about these spiritual sacrifices, "*By him therefore let us offer the sacrifice of praise to God continually, that is, the fruit of our lips giving thanks to his name. But to do good and to communicate forget not: for with such sacrifices God is well pleased.*" Heb.13:15-16. We become a part of this priestly order when we believe and obey the gospel of Christ. Have you turned to the Lord Jesus Christ in faith and obedience?

We invite you to study and worship with us at the Providence church of Christ.

Hembree who was hiding behind a door. Hembree reportedly jumped out and began hitting the woman in the head with a flashlight. The victim was able to flee her home and summons help from a neighbor. At press time, police had not released the name of the victim.

Mt. Vernon Police arrested Hembree early Wednesday afternoon and County Attorney Billy Reynolds secured a \$50,000 cash or property bond. “I appreciate the police acting in a diligent and fast manner to get this person off the street,” Reynolds said.

Hembree is lodged in the Rockcastle County Detention Center. The Rockcastle

County Sheriff Department and Rockcastle County EMS assisted at the scene.

RCHS sophomore Michaela Hunter won state titles in long jump, triple jump, and the 400-meter dash and finished as runner-up in the 200-meter dash. She also won the KHSAA Class 2A Sportsmanship award for her outstanding performance and led all competitors in scoring in all three classes with 38 points.

The RCCHS girls' track team finished 5th in the Class 2A State Track & Field Championships in Louisville recently. This was the 7th straight top five finish for the team and their 10th in the last 11 seasons. Team are front from left: Jalia Parker, Michaela Hunter and Lyndsey Abel. Second row from left: Rakhi Patel, Tanika Chasteen and Bryonna Cromer. Back row from left: Mackenzie Craig, Ashley McKinney, Amy Johnson, Tori Phillips, Rachael Davis, Alyssa Allen, Jessica Albright, Rachel Cain and Alyssa Cox.

Track finishes 5th; Hunter wins 3 state titles

The RCCHS girls' track and field team finished up another very successful season with an impressive 5th place finish at the Class 2A State Track and Field Championships held at the University of Louisville this past Thursday. Highlands won their 4th straight state title followed by runner-up Louisville Central. Elizabethtown finished 3rd and North Oldham 4th, just ahead of RCCHS. 45 teams qualified for state and scored in the meet with approximately 90 teams comprising Class 2A.

Sophomore Michaela Hunter had a totally dominating performance at state finishing with an amazing 38 of a possible 40 total points in the meet. She led all scorers in Class 2A, as well as both Class A and 3A. Michaela won three individual state championship titles and finished as state runner-up in another.

It rained very heavily several times throughout the day and after a thirty minute delay for storms Michaela began her day with the long jump competition. She hit an impressive 17'5.25" on her first long jump, seemingly securing the state title win. Shortly thereafter, Louisville Central's best senior athlete pulled out a jumped of 17'8.5" to move into first. After a couple more 17' efforts, Michaela leaped an incredible personal best 17'10.25" to capture the state championship win in the event. She was very close to the Class 2A state record of 18'4".

Next up for Michaela

came the 400-meter dash and multiple state title winner Alisha Adair of Western Hills. What was anticipated as potentially the race of the day in Class 2A turned out to be no contest. Michaela began to pull away at the 200-meter mark and kicked it into high gear down the stretch running straight into a substantial head wind. She won her third straight state title in the event, finishing in 58.60 seconds, over 1.5 seconds ahead of Adair.

After a strong rain came and finally began to dissipate, Michaela began preparations for the triple jump competition. With the 200-meter dash coming up, Michaela rushed to get a couple jumps in before having to leave the competition. On her second attempt, she hit what would turn out to be the winning effort, leaping an incredible 36'11.25" which was less than 9" from the state record. Michaela didn't receive her last two attempts since she was competing in the 200-meter dash. Since she had technically already won the event by 2'4", the triple jump judges closed the event, denying her a couple more opportunities for the record. Nevertheless, she recorded her third state title win on the day.

Her final event, the 200-meter dash, came down once again to her and Adair of Western Hills who had a great day of her own. A close race throughout, Adair edged Michaela in a photo-finish by three hun-

dredths of a second, 25.90-25.93. The runner-up finish in the event for Michaela was the best ever for an RCCHS girl at state in the event and completed a nearly perfect day for her. Her best time this year of 24.94 seconds is still easily the best in Class 2A this season.

For her amazing performance, she was recognized as recipient of the KHSAA Class 2A Sportsmanship award given to the state competition's most outstanding competitor who must also have displayed appropriate poise and sportsmanship throughout the championships. Michaela was the third RCCHS recipient of the award in the last four years, following former RCCHS state champions Morgan Thacker in 2008 and Samantha Smith in 2010. Michaela will be automatic first team all-state for winning the 400-meter dash, long jump, and triple jump, and will likely make first team all-state in the 200-meter dash as well.

Sophomore Amy Johnson also scored for RCCHS despite the rainy, wet weather conditions that made it nearly impossible to spin in the discus competition. Amy came

through with a brilliant performance, finishing 7th overall with her best throw ever in state competition, an impressive 98'3". The eventual winning throw of 114'2" was only 5" better than Amy's career best throw earlier this season. Amy was the top sophomore thrower in the entire competition. Amy also threw very well in the shot put competition, placing 18th overall with a throw of 29'2.5". With more focus upon this event next year, Amy could easily place in the top two. She was the 3rd best sophomore thrower that competed. Her career best throw would have placed her 7th in the event.

Senior Jessica Albright completed her amazing career with possibly her best state meet ever. In the 300-meter hurdles, Jessica blazed her way to a career best 10th place finish overall in 51.79 seconds. A true testament to her talents, Jessica's best time this season would have placed her 2nd in the competition.

Jessica led the girls' 1600-meter relay team of 8th grader Tanika Chasteen, sophomore Bryonna Cromer, and 8th grader Alyssa Cox to a season's best performance. The team ran an amazing race and finished 14th overall in a season's best time of 4:29.77.

The girls' 3200-meter relay team of Jessica, 8th grader Rachel Cain, Bryonna, and Alyssa Cox also ran a spectacular race, finishing 14th overall in an impressive 10:44.05. Their best time this season would have placed them 10th in the competition.

The girls' 400-meter relay team of freshman Jalia Parker, Tanika, freshman Lyndsey Abel, and Bryonna ran an awesome race at state. The foursome

placed 20th overall in an impressive 55.51 seconds. Their best time of the season would have placed them 14th overall in the event.

Bryonna Cromer was the only RCCHS athlete besides Michaela to qualify for state in four events. Besides competing in all the relays at state for RCCHS, Bryonna's amazing versatility also helped her qualify in the 800-meter run. Bryonna ran a sensational race finishing 20th overall in an impressive 2:39.21. Her best time this year, achieved at the regional championships, would have placed her 11th.

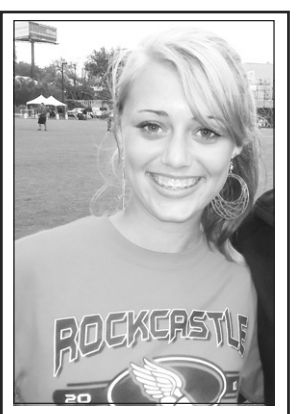

Lyndsey Abel competed in her first ever individual event at state in the long jump competition. Lyndsey came through with an outstanding performance and just missed the finals. Her impressive jump of 14'11.25" placed her 10th in the event overall. Equally as impressive was the fact that she was the top freshman long jumper in the Class 2A competition.

Freshman Alyssa Allen also competed in her first ever individual events at state. In the 100-meter hurdles, Alyssa overcame

hitting a hurdle to finish an impressive 17th overall in 18.09 seconds. Her best time this season would have placed her 7th. She was also the 2nd best freshman in the competition. In triple jump, Alyssa just missed the finals with another great performance. She placed 14th overall with an impressive jump of 32'2.75". Hinting at a bright future in the event, Alyssa was the top freshman triple jumper that competed in Class 2A.

Despite having a very young team with only one senior and no juniors, this marked the 7th straight top 5 finish at Class 2A State for the girls' team and their 10th top 5 finish in their last 11 seasons. During that span of time, the team has finished as state runner-up two times, 3rd two times, 4th five times, 5th this season, and 7th in 2004.

Congratulations to the RCCHS girls' team on another great season and to senior Jessica Albright on the conclusion of a great career. The team would like to thank the administrators, teachers, parents, fans, in particular bus drivers J.R. Middleton and Luther Allen, and all others for their support this season.

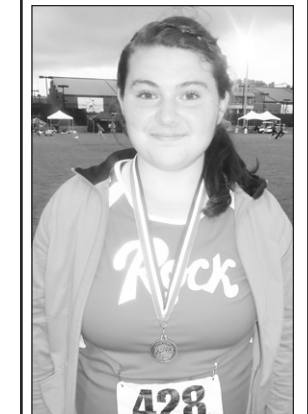

RCCHS freshman Lyndsey Abel placed 10th in long jump and was the top freshman long jumper in Class 2A.

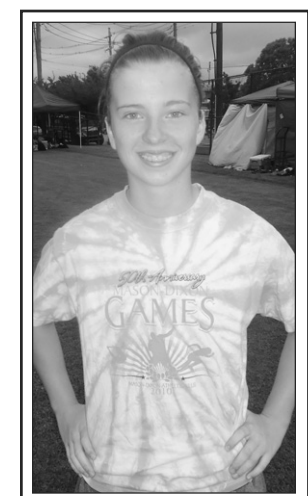

RCCHS senior Jessica Albright placed 10th in the 300-meter hurdles at the Class 2A State Track & Field Championships this past Thursday in Louisville.

RCCHS freshman Alyssa Allen placed 14th in triple jump and 17th in the 100-meter hurdles. She was the top freshman triple jumper in Class 2A.

RCCHS sophomore Amy Johnson placed 7th in the discus competition at the Class 2A State Track & Field Championships and also finished 18th in shot put.

RCCHS sophomore Bryonna Cromer placed 20th in the 800-meter run.

Perkins earns SBC honors

The Sun Belt Conference announced its 2011 baseball awards and five Western Kentucky Hilltoppers were among those honored including 2009 Rockcastle County graduate Tanner Perkins who earned second-team all-SBC honors.

The All-SBC awards were voted on by the league's 12 head coaches.

Perkins finished the regular season with a 7-4 record and a league-best 2.32 ERA in 14 starts. The sophomore ranked fourth in the SBC with 71

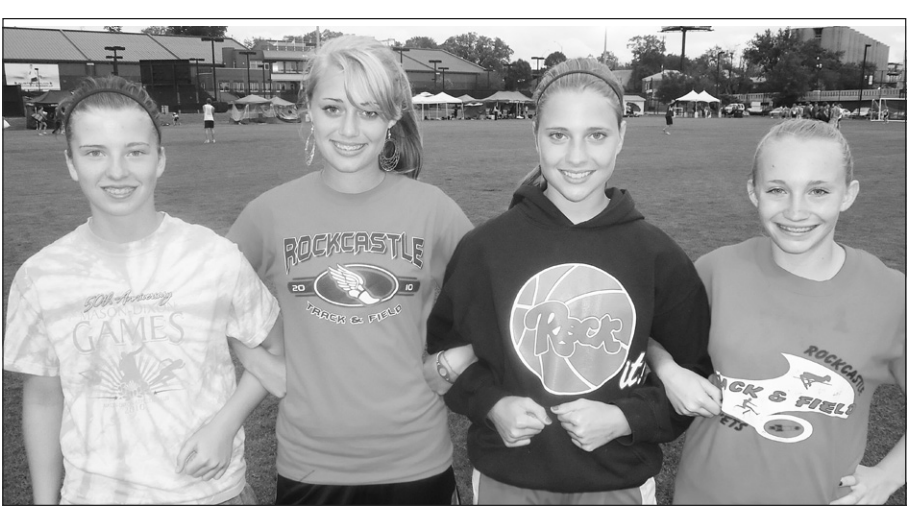

strikeouts and walked only 21 batters while limiting opposing hitters to a .242 average. In his first seven starts this year, Perkins went 6-1 with his only loss coming to No. 19-ranked College of Charleston. He has worked at least six innings and allowed three earned runs or less in 12 of his 14 starts this season. In conference play, his ERA drops to 2.13, good for second in the league. Perkins is the son of David Perkins of Mt. Vernon and Becky Saylor of Brodhead.

NOTICE TO CUSTOMERS OF KENTUCKY UTILITIES COMPANY RECOVERY BY ENVIRONMENTAL SURCHARGE OF KENTUCKY UTILITIES COMPANY'S 2011 ENVIRONMENTAL COMPLIANCE PLAN

PLEASE TAKE NOTICE that on June 1, 2011, Kentucky Utilities Company ("KU") filed with the Kentucky Public Service Commission ("Commission") in Case No. 2011-00161, an Application pursuant to Kentucky Revised Statute 278.183 for approval of an amended compliance plan ("KU's 2011 Environmental Compliance Plan") for the purpose of recovering the capital costs and operation and maintenance costs associated with new pollution control facilities through an increase in the environmental surcharge on customers' bills beginning January 31, 2012 under KU's existing Electric Rate Schedule ECR, also known as the environmental cost recovery surcharge.

Federal, state, and local environmental regulations require KU to build and upgrade equipment and facilities to operate in an environmentally sound manner. Specifically, KU is seeking Commission approval of Certificates of Public Convenience and Necessity ("CPCN") to construct new Particulate Matter Control Systems to serve all units at the Ghent Generating Station in Ghent, Kentucky, and to serve all units at the E.W. Brown Generating Station in Burgin, Kentucky, to comply with the national emissions standards for hazardous air pollutants proposed by the U.S. Environmental Protection Agency ("EPA"). The Particulate Matter Control Systems are also being installed to comply with EPA-imposed sulfuric acid mist and opacity requirements. Additionally, KU is seeking recovery of costs associated with these environmental projects, which are necessary for compliance with the federal Clean Air Act, the federal Resource Conservation and Recovery Act, and other current or proposed environmental laws and regulations, and enforcement actions. These additional projects primarily relate to installing Particulate Matter Control Systems to serve all units at the Ghent Generating Station, installing Particulate Matter Control Systems to serve all units at the E.W. Brown Generating Station, converting the main coal combustion residuals treatment basin at the E.W. Brown Generating Station to a landfill, and other pollution control facilities. The capital cost of the new pollution control facilities for which KU is seeking recovery at this time is estimated to be \$1.1 billion. Additional operation and maintenance expenses will be incurred for these projects and are costs that KU is requesting to recover through the environmental surcharge in its application.

The impact on KU's customers is estimated to be a 1.5% increase in 2012 with a maximum increase of 12.2% in 2016. For a KU residential customer using 1,000 kilowatt hours per month, the initial monthly increase is expected to be \$1.13 during 2012, with the maximum monthly increase expected to be \$9.46 during 2016.

The Environmental Surcharge Application described in this Notice is proposed by KU. However, the Public Service Commission may issue an order modifying or denying KU's Environmental Surcharge Application. Such action may result in an environmental surcharge for consumers other than the environmental surcharge described in this Notice.

Any corporation, association, body politic or person may, by motion within thirty (30) days after publication, request leave to intervene in Case No. 2011-00161. That motion shall be submitted to the Public Service Commission, 211 Sower Blvd., P.O. Box 615, Frankfort, Kentucky, 40602, and shall set forth the grounds for the request including the status and interest of the party. Intervenor may obtain copies of the Application and testimony by contacting Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 40202, Attention: Lonnie E. Bellar, Vice President, State Regulation and Rates. A copy of the Application and testimony will be available for public inspection on KU's website (<http://www.lge-ku.com>) and at KU's offices where bills are paid after June 1, 2011.

This year's recipient of the Kiwanis "Ginny Gilpatrick Memorial Scholarship" for community service was awarded to Jennifer Taylor Hackworth. Jennifer is the daughter of Jerry and Brenda Hackworth. Jennifer has a 4.07 GPA and ranks 5th in her class. She has served as Key Club President, National Honor Society President and a member of Unite, FCA, BETA and the Rocket Club. Some of her many community service hours have been spent on Pride Clean-up, MVES student helper, Rally In Valley Car Show, Halloween on Main, Kiwanis Charity Golf Scramble, United Nations Children's Fundraiser, Special Olympics, Susan G. Komen Fundraiser, Adult Day Care Landscaping Project, Relay for Life, Unicef Fundraiser and Fellowship of Christian Athletes among many others throughout her school career. Jennifer has been accepted to ECU for the fall semester and will be pursuing a Nursing Degree. Kiwanis would like to thank Jennifer for all her hard work and dedication to her community and wishes her well in all her future endeavors. Pictured from left are: Superintendent Larry Hammond; RCHS Key Club Advisor Kayla Bryant; Kiwanis Sponsored Youth Chair Tammy Cox; Hackworth; Jennifer's mother, Brenda Hackworth; and Kiwanis Vice President Betty Frederick.

Thinking About Cleaning Your Carpet!

Some things to think about...

What is the best way to clean my carpet, should I use the old technology of steam cleaning or the new technology of dry foam?

Test results from Consumer Report, 2008.

Option 1: Steam Cleaning-How does it work?

A. Steam Cleaners saturate your carpet and floor pad with hot (150* degree) soapy water containing lye and beach to help dissolve stains.

B. After your carpet reaches its maximum saturation point the solution is then extracted by means of a commercial shop vacuum.

The results: Removes less than 20% of the soil from the carpet driving the remainder down deeper into the carpet fibers. The lye/bleach solution used by steam cleaners to dissolve stains fades carpet colors. Drying time is 1 to 5 days depending on the carpet texture. As a result of the water saturation, carpet fibers harden and the floor pad remains damp, which promotes bacteria growth and mildewing, causing carpet threads to rot, shorting the life of your carpet. Carpet manufacturers recommend that you do not steam clean carpets.

Option 2: Dry Foam-How does it work?

C. Carpet fibers are agitated with carpet combs to separate the fibers loosening dirt particles, which are then dry cleaned with an industrial strength vacuum.

D. The carpet is then shampooed with horse hair brushes using Dry-Foam lather, a solution that contains six different cleaners and fabric softener, color brightener, deodorizer, disinfectant, crystalline agent, scotch guard, & degreaser. Does not contain lye or bleach.

E. Carpet fibers are then groomed to fluff up worn walk areas to give a uniform look to the carpet.

The results: Removes over 90% of carpet soil. Rejuvenates and brightens colors and patterns of carpets. Drying times is less than 2 hours. Floor pads remain dry-Fabric Softener makes carpets soft again-Promoting the life of the carpet. Carpet manufacturers recommend Dry Foam to clean Carpets.
