

Mount Vernon Signal

Serving Rockcastle County Since 1887

Mount Vernon, Kentucky 40456 - (606) 256-2244 Volume 126 • Number 44 .50 per copy Thursday, October 11, 2012

A large crowd came out for the Bittersweet Festival this past weekend in Mt. Vernon. Below, Circuit Clerk Teresa Vanzant was the Grand Marshal for the Bittersweet Festival parade last Saturday. Vanzant will retire from the clerk's office in December after serving 30 years as a deputy Circuit Clerk and 15 years as Circuit Clerk. Driving Vanzant in the parade is Judy King.

White House Clinics makes presentation to Fiscal Court Tuesday

Two employees of White House Clinics were at the Rockcastle Fiscal Court meeting Tuesday to make a presentation about their new Community Health Center which was opened in Rockcastle County on September 17th at the site of Dr. Tony Arvin's present practice.

Stephanie Moore, MPA and CMPE and Chuck Morgan, CPA for the clinic gave the court an overview of their operation which operates with federal grants from the Department of Health and Human Services.

Ms. Moore told the court that the newest clinic was opened with a grant and that need was shown by the number (750 last year) of patients from Rockcastle County who were treated at their facilities in Berea and McKee. Other revenue to the clinic will be from patients who pay for services on a sliding scale, dictated by their income and the number of people in their household and, of course, from Medicare and Medicaid patients. The federal grant makes up 20% of the clinics' total budget.

The clinic, one of six in the Jackson, Madison, Estill and Rockcastle counties, will provide a variety of services including medical, dental, pharmacy, x-ray, mammography and mental health services.

In their first year of operation in Rockcastle County one family practitioner (Dr. Tony Arvin), a family nurse practitioner, 1.25 dentists, a 1/2 time hygienist and a pharmacist. Total employment at the clinic in year one will be 11-14 with an estimated total payroll of \$700,000.

Moore and Morgan also made a request to the court for a two-acre building site in the new industrial park for a facility to be constructed beginning in the fall of this year with a Spring 2013 opening.

Mount Vernon teen injured after bizarre hit and run accident

By: Doug Ponder

An RCHS high school student was the victim of a hit and run accident around 3:30 Monday afternoon at the intersection of Hwy 150 and Williams Street in Mt. Vernon.

According to Mt. Vernon Police reports, Davidson Bishop, a sophomore at RCHS, was walking home from school with his sister when a car came skidding across the road and struck him while he was standing several feet off the roadway.

Bishop's sister was able to jump out of the way of the skidding car and was not injured. However, the car struck Bishop and he was transported to the Rockcastle Regional Hospital where he was treated for minor injuries and released.

Officer Jeff Harness said the car that hit Bishop was first clipped by another car attempting to turn left onto Williams Street. The car then reportedly fled the

scene, travelling east on Hwy 150.

Harness said they don't have much information on the driver's, who fled the scene, description. How-

Police continue to investigate Bowling Ridge home invasion

By: Doug Ponder

Police are still searching for three people who broke into a home Monday afternoon on Bowling Ridge Road in Brodhead.

According to State Police reports, a female entered the residence of Rissie Cromer and confronted her around 3:30.

Moments later, two males entered the home demanding money and medications. The three suspects

Court discusses zero interest loan for Anchor building, land

The Rockcastle Fiscal Court discussed at length Tuesday the proffered \$1.360 million zero interest loan from Jackson Energy.

The court had earlier heard the proposal in a special meeting this month and had decided to bring it up again at Tuesday's regular meeting.

The loan would be for a period of 10 years and

would have to be made to the Rockcastle County Industrial Development Authority (RCIDA) because of federal rules governing the loan.

The funds would be used to refinance the present loan the county has with Fifth Third Bank at a variable interest rate of 2.97%, which can go as high as 4.55%.

Refinancing of the loan

is the main reason the property would have to be conveyed to the RCIDA because the funds cannot be used to refinance an out-

standing loan.

Several details will have to be worked out before the

Brodhead discusses transportation issues at monthly council meeting

By: Doug Ponder

Many items were brought up at the monthly Brodhead Council meeting Monday night some dealing with complaints received about the condition of some roads and bridges within the city limits.

Brodhead Assistant Fire Chief John Dyehouse said he was concerned about the condition of the bridge on Chestnut Grove Road that crosses Dix River.

Dyehouse said the bridge is continuing to fall in and that there has been a large hole in the bridge for over a year. He said if people hit the hole while driving across the bridge it would cause damage to their vehicle and could possibly cause an accident.

Fire Chief suffers health emergency during rescue

College student falls from cliff

By: Doug Ponder

A Berea college student fell more than 100 feet while camping at an area known as "The Rock" off Burnt Ridge Road in Rockcastle County and the Brindle Ridge Fire Chief went into sudden cardiac arrest during the rescue.

According to the Rockcastle County Sheriff's Department, Chase DeWaard, 21, a sophomore at Berea College was camping with some friends when he lost his balance and fell from a cliff while attempting to catch his cigarettes.

As a result of the fall, DeWaard received a head injury, fractured sternum, broken leg and bruised ribs. DeWaard was airlifted from the scene to the UK Medical Center where

ROCKCASTLE MEMORIES

BY DAVID J. GRIFFIN

"Back to the Island"

My wife and I have returned from our annual trip to the Eastern shore of Virginia where we spent a week on Chincoteague Island. This was our eighth consecutive year to "hide away" on our favorite island paradise. As a matter of fact, we have stayed in the same wonderful hotel - Chincoteague's Hampton Inn - and in the same room each year. We feel like we have found our spot, and we feel quite at home in this place. The shops and restaurants in the quaint town are familiar to us. We can actually call some folks by name; they refer to me as the Mountain Man.

A bit of background: this is the place where Marguerite Henry wrote the famous book, *Misty of Chincoteague*, in 1947. The story is about a real-life pony that was born to a wild horse raised on the island. The book is what really put Chincoteague "on the map." There is a small water-front park in the center of town which was created to keep the memory of Misty alive.

Donations to the park can be made to the city, and a brick with the names of the honorees are set in the park's sidewalk. This year Kathy and I were able to view "our brick" for the first time, and it felt very fitting. We stood and gazed at our brick for some time. It seemed as if we have etched our own lives into the history of the island, which is beginning to feel like a second home to us.

The hotel manager and I have become friends because we share many of the same ideals and views. Since this was the first time that we have visited Chincoteague since my book was published, I was proud for Mr. Tom Derrickson to have a copy. I also donated a copy to the local library, making my connection to the area even more bona fide!

One afternoon, Kathy and I had been walking on the beach and decided to grab a snack at one of our favorite island hangouts. We drove to the Chincoteague Inn and found a spot at the bar that looks out over the bay. Sitting next to me was a young man, a local contractor, who initiated a conversation. He appeared to be a down-to-earth fellow, with an outdoor tan and eyes which twinkled ever so lightly. The conversation continued, and we felt like we had become well acquainted with Mr. Luke Britton.

Among the many ways in which we revealed ourselves to Luke was my story of how my writing had just been published. He seemed quite impressed. After he confessed to the fact that he didn't believe he had actually read an entire book before, he added, "I would like to read a book written by someone that I actually know." Of course, I immediately got up from my stool and proceeded to retrieve a copy for him from my Ford Explorer.

Turns out that one of Luke's grandfathers was originally from Kentucky. Upon taking up with an island girl, he had no choice but to move to Chincoteague, because his lady was not about to go anywhere else to live. Therefore, Luke's most significant connections with Kentucky were the tales he had heard from his grandfather and the country cooking that he had brought along with him. Luke was not unfamiliar with Eastern Kentucky's ubiquitous fare of soup beans and cornbread.

Luke and I had one additional connection that we discovered. He asked what I had done for a living before becoming a writer, and I explained that I had taught chemistry and had coached football for many years. He

Points East

By Ike Adams

My mom always said that a pumpkin or cushaw would grow until frost killed the vine.

The message there being, "don't bring you pumpkins and winter squash indoors until after there's been at least one or two good heavy frosts."

On the other hand, she dreaded, as I do to this day, the first killing frost. Many, many times in my youth I helped her pack old tarpaulins, bed quilts, burlap feed sacks and even our good over coats to the garden well after dark on October nights.

One or the other of us would hold up a carbide light so that the other could see how to spread frost protecting covers over that last little row of fall beans and pepper and tomato plants that might still have a lot of life left in them if they could dodge the first few early frosts. Just after sunrise the next morning, all the covers got packed back to the house so that the plants could soak up sunlight throughout the day.

Mom could walk out on the porch just before dark and almost always accurately predict whether or not it was going to frost that night and sometimes she would say something like, "Well, it may frost a little bit but it ain't gonna hurt nothing." And me and or my little brother, Keeter, would breathe a sigh of relief that we were not going to have to spread and cover stuff that night because, truth be known, we'd been tired of green beans, served up at supper with peppers and maters, for several weeks and we were actually craving that first big pot of pinto soup beans, a good, strong onion and a pan full of corn bread fritters.

But Mom always swore that the best green vegetables of the year were the ones that got ripe during Indian Summer so she put more work into fighting off cold weather in early autumn than she did in fighting springtime weeds.

And she was right, of course, at least about the taste. I don't put nearly as much effort into frost damage protection now as I did when I was much younger but all you have to do is bite into a big bell pepper or late tomato, feel the crunch and swoon at the flavor to realize that vegetables don't get any better than this.

From the looks and feel of things tonight and according to the forecast, Loretta and I are going to have to spend the better part of one evening this week packing in the last few bucket full of

An encouraging word:

When compromise is not an option

By Howard Coop

Many years ago when I was a small boy attending a two-roomed country school in Cumberland County, I was introduced to Kentucky history. As a result of that exposure, I developed an interest in, and appreciation for, that subject. That interest led me to study Kentucky history whenever possible in both high school and college, and I found that study rewarding. It helped me to learn a great deal about the state in which I have spent most of my life.

After learning about the settlement of Kentucky, one of the first bits of Kentucky history that I remember from that study involved Henry Clay, one of our state's noted statesmen and orator. As a resident of Lexington, Clay, over a number of years, served our state in Washington as an influential member of both the House of Representatives and the Senate. As a Senator nearing the end of his life, he was instrumental in formulating

the Compromise of 1850 that led to him forever after becoming known as the "Great Compromiser."

Early in life I learned the meaning of compromise. To compromise a settlement is made between contending groups with some opposing views in which each side agrees to give up some demands and makes some concessions. There are times when compromise may be appropriate and necessary for the process of give and take may lead to real accomplishment.

As a small boy, the idea of compromise raised a serious question in my mind for good parents and good teachers had instilled in my mind the idea that, in life, some things are right and some things are wrong; there is to be no compromise. At all time and under all circumstances, one is obligated to stand firm without wavering for that which

ROCKCASTLE REGIONAL
HOSPITAL ■ RESPIRATORY CARE CENTER

Obituaries

Casper Eugene "Gene" Mink

Casper Eugene "Gene" Mink, 86, of Mt. Vernon, died Saturday, October 6, 2012 at the Rockcastle Health & Rehabilitation Center in Brodhead. He was born in Rockcastle County September 27, 1926 the son of Fortner and Lizzie Mullins Mink. He was a retired heavy equipment operator for the Kentucky Stone Company and was a member of the Dave Jackson Masonic Lodge #731 in Livingston. He was a US Army veteran and a member of the Maple Grove Baptist Church where he served as deacon for many years.

He is survived by: his wife of 47 years, Ailene Moses Mink; a sister, Lorene Cummins of Mt. Vernon; was a beloved uncle of Gary (Gertha) Mink, and Perry (Amy) Mink, all of Mt. Vernon; a host of other nieces and nephews; and a special friend, Jack Chaliff. He was preceded in death by: two brothers, George and Donald Mink; and three sisters, Nell Cummins, Edna Mae Singleton, and Candis Waddle.

Graveside services were conducted Monday, October 8 in Elmwood Cemetery by Bros. Eddie Nation and Don Stayton.

Arrangements were by the Dowell & Martin Funeral Home.

Please visit www.DowellMartin.com to view online obituary.

Gayla Sue Frith

Gayla Sue Frith, 56, of Crab Orchard, died Monday, September 17, 2012 at the Compassionate Care Center in Richmond. She was the wife of Oral Frith whom she married on July 7, 1974 in Tennessee. Gayla was born in Nicholasville, on April 4, 1956 a daughter of the late James and Florene (Patterson) Martin.

She is survived by: her husband, Oral Frith of Crab Orchard; a daughter, Gayla LeeAnn (Troy) Goforth of Mt. Vernon; a son, Kristopher (Tiffany) Frith of Crab Orchard; five sisters, Sharlene Gay Davis, Muriel Dean Hulett, Sharon Kidd, Donna Cobb and Helen Davis; three brothers, Pete Martin, Tony Martin and John Martin; a host of nieces and nephews; many cousins; and one grandson, Denver Carter Vaden Goforth.

Funeral services were held Tuesday, September 18, 2012 at the McKnight Funeral Home Chapel with Bro. Billy Bryant officiating. Burial was in the Piney Grove Cemetery in Brodhead.

Pallbearers were: Kristopher Frith, Troy Goforth, Keith and Daniel Napier, Michael Creech and John Martin.

Eula Kirby

Eula Kirby, 68, of Mt. Vernon, died Thursday, October 4, 2012 at the Rockcastle Hospital. She was born March 14, 1944 in Tyner, the daughter of the late Arch and Ella Wilder Gabbard. She was a housewife, and a member of the Holiness faith.

Survivors are: two sons, Ronald K. Kirby of Mt. Vernon, and Troy R. Kirby Jr. of West Virginia; one daughter, Mrs. Connie F. Blevins of Mt. Vernon; one brother, Arnold Lee Kirby of Manchester; one grandchild; and one great grandchild.

She was preceded in death by: her husband, Troy Kirby, Sr.; three brothers, Burnis, and Kenneth Gabbard, and Roy Miller; and three sisters, June Hillis, Lola Jackson, and Ethel Tinchler. The family has selected cremation services.

Cemetery Notices

Pine Hill Cemetery

The cemetery will not be mowed again if we do not receive donations for the upkeep. We have \$6 in the cemetery fund. Anyone interested in the mowing and upkeep should send donations to: Lorene Ponder, 314 Jessica Circle, Richmond, Ky. 40475.

Hiatt Cemetery

Anyone with family buried in Hiatt Cemetery at Renfro Valley, please make donations to Hiatt Cemetery Fund at Community Trust Bank in Mt. Vernon.

Sandra Joan Thomas

Sandra Joan Stearns Thomas, 67, went home to be with the Lord Thursday, October 4, 2012 after many hard fought battles. She was born in Plattsburgh, NY, to the late Florence Harding Stearns. She was a member of the Conway Baptist Church and also a member of the Sunshine Homemakers club, she loved sewing and crafts, and her favorite things were spending all of the time that she could with family, especially her daughter, son, grandkids, sister, brother, nieces and nephews.

She is preceded in death by her loving husband of 44 years, James "Richard" Thomas, her mother, Florence Harding Stearns, and brother, William "Bill" Stearns.

She is survived by: her children, James "Jimmy" Richard Thomas, Jr. of Waco, and Leigh Ann and Tom Mosier of Cartersville; and her grandchildren, Kaleigh Brooks, Kaleb Thomas, and Kara Joan Mosier. Also surviving are: her siblings, Florence Fresn of New York, James Stearns of Rhode Island, and Richard and Carol Stearns of New York; her sister-in-law, Betty Abby Stearns of Massachusetts; two very good friends, Evelyn Ponder and Carolyn Chasteen of Berea; numerous nieces and nephews; and other family.

Memorial services were held Monday, October 8, 2012 at White Lick Baptist Church with Bro. Wayne Dunn officiating.

Honorary pallbearers were: Louise "LuLu" Coleman, Karlee Coleman, Yvonne Inman, Lisa Lapham, Carrie Adams, Dee Thomas, George Coleman, Lloyd Bennett, Ricky Stearns Jr., Ann Stearns, Rita Stearns, and Jimmy Stearns.

In memory of Sandra donations can be made to the American Cancer Society.

In Loving Memory

Kenneth Thompson

We, the family of Kenneth Thompson, would like to take this time to express our thanks to everyone who visited, brought food and all the prayers said on our behalf. A special thanks to Marvin Owens and staff, Bible Baptist Church, Otawa Baptist Church and Bro. Jim Craig and Bro. R.C. Flynn, Liberty Baptist

Church, Pine Hill Holiness and Crab Orchard Church of God. All of these churches, their pastors and congregation visited and comforted our family in our time of need.

Also thanks to Dr. Tony Arvin and Lake Cumberland Hospice.

Again, many, many thanks

Local judges participate in District Judges College

District Court Judges Kathryn G. Wood and Jeffrey Scott Lawless, who serves Rockcastle and Pulaskie counties, participated in the 2012 Kentucky District Judges College that took place Sept. 16-19 at Lake Barkley State Park in Cadiz. The Administrative Office of the Courts provided the judicial education program for the state's District Court judges. The program included 19 hours of continuing education credit for the judges. (Note: See the list at the end of the release for the name(s) of your local judge(s).)

The judges received updates on case law and legislation and attended sessions on best practices, technology, probate, extradition and cyberstalking. They also heard from Chief Justice of Kentucky John D. Minton Jr. about the work of the Kentucky Access to Justice Commission, which was formed to identify the most pressing legal needs of those

unable to afford lawyers and create a statewide plan to address those needs.

"Civil legal aid is a critical resource for low-income families who can't afford an attorney for evictions, child custody issues and other matters," said Jefferson District Court Judge Donald E. Armstrong, acting president of the Kentucky District Judges Association. "Chief Justice Minton encouraged the district judges to support Kentucky's civil legal aid efforts by letting citizens know how to find legal assistance and improving court processes for those with limited access to attorneys."

The college also included sessions on substance abuse issues, including courses about ignition interlock devices, drug testing and the Intoxilyzer equipment used statewide for breath-alcohol testing.

District Court judges handle juvenile matters, city and county ordinances, mis-

demeanors, violations, traffic offenses, probate of wills, arraignments, felony probable cause hearings, small claims involving \$2,500 or less, civil cases involving \$5,000 or less, voluntary and involuntary mental commitments and cases relating to domestic violence and abuse. In Fiscal Year 2011, there were 707,459 District Court cases statewide.

"Memories"

(Cont. from A2)

reacted with enthusiasm, explaining that he is coaching a little league football team on the island.

After I told him the story of my team achieving State Championship status, he seemed even more interested and asked if that was part of my book, and I said that it was. Luke's son is one of the young football players that he coaches and Luke decided to purchase another book for him. We vowed to keep in touch; I hope that we actually will. So...we have made yet another acquaintance from "our island."

The next day, Kathy and I spent the afternoon at the beach again and were delighted to see a group of dolphins playing in the surf -

very close to shore. They were actually riding waves that were breaking very close to the beach. Kathy was in the water at the time and didn't see them at first. By the time that I got her attention, one of the dolphins had just passed about 10 feet in front of her. (She later laughingly told me that it was a good thing that she had turned around when she heard me, because if she had seen one of those fins pop out of the water right in front of her, she would've probably had a heart attack!) Because the beach is so sparsely populated, we felt like the dolphins were playing with us in our favorite ocean spot. Neither of us had ever seen them swimming so close to shore, and we felt blessed to witness such a performance by the dolphins.

Our time at Chincoteague passed quickly - too quickly. And it was time to begin the journey home. We had decided to take our time on the return trip and spend a couple of nights at Skyland, located on Skyline Drive in Shenandoah National Park. As we drove through the Blue Ridge Mountains, we were listening to the 50's channel of our Sirius radio while they were playing the Top Songs of 1961 - when I was a junior at Mt. Vernon High School. Bud Cox and

I drove this same road in 1961 when we visited my brother in Manassas, Virginia.

It was a real rush taking this same trip again 51 years later (where does the time go?!). But not much had changed in regards to the setting. The scenic road with the tremendous views was the same. At the highest elevations, a significant portion of the trees were already displaying their bright fall colors, adding an extra touch of glory to the experience. Kathy and I sang along with virtually every word of the lyrics to the familiar songs of old. Somehow the parkway and the music really took me back in time. I enjoyed experiencing the phenomena this time with my wife of 33 years. In many ways, almost nothing had changed except my passenger.

And now, I have to wait another whole year before we go back to the island. Hmmm, maybe we should begin looking at housing prices....After all, there are a lot of retirees living there. Or maybe I should just keep that thought to myself - my wife may be married to a mountain man, but she has a particular fondness for the ocean.

(You can reach me at mtman@mis.net or you can drop me a line at P.O. Box 927 - Stanton, KY 40380. I appreciate your comments and suggestions.)

"Word"

(Cont. from A2)

is known to be right.

There may be, and probably are, times in life when situations develop that make compromise necessary, but when principles of right and wrong are involved, compromise is not a viable option.

"Points East"

(Cont. from A2)

summer veggies from my garden because old Jack is nipping at the air. We will try to keep some tomatoes ripening in the basement and on window sills until well into November. She will stuff a crisper drawer in the fridge full of bell and banana peppers and we will be begging friends and family members to take some of this stuff off our hands before it goes to waste.

In the meantime, I have a little short row of snow peas getting ready to bloom and they may just make it. We have mustard, kale and collard greens ready to pick, enough to feed the village, and the turnips are commencing to show their stuff. There's still plenty of good eating set to come our way from the garden, frost or not.

Retirement party for Teresa Vanzant

An Open House Reception will be held to honor retiring Rockcastle County Circuit Court Clerk Teresa Vanzant. The event will take place October 13th from 1-5 pm at the Bible Baptist Family Life Center. Family and friends invite you to come by to wish Teresa farewell after 30 years of dedicated service to our community.

Teresa Vanzant

Election officer training Oct. 23

A Precinct Election Officer Training will be held Tuesday, October 23rd at the Rockcastle County Middle School, beginning at 6 p.m. All registered precinct workers must attend in order to comply with state mandated election training rules.

That meeting will be preceded by a meeting Thursday (today), October 11th of the Rockcastle County Accuracy Board. The board will meet at 11 a.m. to conduct accuracy testing on each voting machine for compliance with regulations.

Other deadlines associated with the election include:

Mail In Absentee Voting - The last day to turn in an absentee ballot application is October 30th.

In-House Absentee Voting will begin in the Rockcastle County Clerk's office on October 18th and run through November 5th, during regular office hours.

'Manager'

(Cont. from front)

tant manager Karen Ann Mink were making fraudulent checks and fake loans on customers of the Mt. Vernon Cash Express.

As a result of the fraudulent check scam, 78 fraudulent checks were issued, 78 false loan applications were made and the total amount of missing funds from the Mt. Vernon Cash Express was more than \$43,000.

During investigation by police, David had told Mt. Vernon Assistant Chief Barry Adams that she had been making the checks on her home computer and that she bought the software to create the checks at a local Office Depot. David also told Adams that both she and Mink came up with the idea to create the fraudulent checks.

After completing written statements and signing a Miranda waiver at the Mt. Vernon Police Department, both David and Mink admitted to being involved in the fraudulent check scam while they worked at the Mt. Vernon Cash Express. However, when police went to arrest both David and Mink, David could not be found.

David was charged with 80 counts of unlawful access to a computer, 156 counts of forgery, 156 counts of criminal possession of a forged instrument, 67 counts of theft by deception over \$500, 53 counts of theft of identity, 53 counts of trafficking in stolen identities, 80 counts of trafficking in financial information, 80 counts of misuse of computer information and one count of theft by unlawful taking over \$10,000.

David was lodged at the Rockcastle County Detention Center where she was later released on a \$75,000 cash surety bond. Her arraignment date is October 17th at 9 a.m. in Rockcastle County District Court.

'Loan'

(Cont. from front)

loan, which would save the county over \$800,000 in interest costs, can be obtained. The court decided to have a committee from the court meet with the RCIDA board, later this week, to come up with a plan that will meet the requirements of the loan so the court can take action as soon as possible.

Also during the meeting, the court had to pass a motion verifying to the state Department of Transportation that Miller Lane and Schoolhouse Hill Road are part of the county road system.

The roads, which are slated for improvement with the FLEX funds the county has been waiting for, were inadvertently left off the roads in the system years ago when the list was submitted to the state by the area development district. The omission of these roads has delayed the funds which will be used for a number of road improvements, including re-blacktopping of all three miles of Lambert Road.

Judge/Executive Buzz Carloftis said Wednesday that he had been in contact with the Department of Transportation since the court verified the roads as part of the county road system and had been assured that the Memorandum of Agreement from the state would be received by the county with by Thursday of this week.

A special meeting has been called for Friday, Oct. 12th at 9 a.m. so the court can approve the MOA. However, an employee with Greer Bros., who will be doing the paving work, told Carloftis that due to other work ongoing in the county, the work on the roads approved in the project, including Lambert Road, would not be commenced until Monday, October 22nd.

In other action, the court approved giving the Sheriff's Department an additional supplement of \$15,000 to pay off a personal loan taken out earlier in the year by Sheriff Mike Peters to cover operating costs of the department.

Deputy Dale McNew presented the court with a review of the office's financial outlook through December which shows a \$47,000 shortfall, not including a possible \$10,000 plus judgment from the Ky. Labor Board over an overtime dispute filed by a former employee.

However, the court was not able to come up with a consensus for approval to purchase property for the Climax Fire Dept. The property, offered by Sam Mullins, would cost the county \$10,000 for one acre of land and \$5,000 for an entry to the property. And, it was pointed out, there would be further costs incurred for leveling and paving the entry road which could push the cost as high as \$25,000.

As one of the final items of business, the court had to transfer \$35,000 from the general fund to the jail fund and \$100,000 to the general fund from the occupational tax fund, contingent on expected receipts to the general fund during the month.

'Brodhead'

(Cont. from front)

"For two months the hole had a 2x4 stuck in it to warn people so they could drive around it," Dyehouse said. "But, if you didn't see the board at night then you would hit it with your vehicle. Either way, it's hard to miss a large hole or 2x4 while driving at night."

Dyehouse said he understood the bridge is supposed to be maintained by the county. However, with the bridge in the city limits he believed the council would have a better chance of petitioning for funding from the county to fix the bridge.

"If you all were to go talk to the county judge executive or fiscal court as a council, then these complaints might not fall on death ears." Dyehouse said. "If I were to go talk to them myself, chances are nothing would be done about it."

The council agreed to contact County Judge Executive Buzz Carloftis and other fiscal court members to ask them come to Brodhead and survey the bridge themselves. The council also agreed to petition the county government for funding to repair the bridge.

Councilman Ronnie Cash said the Chestnut Grove Road bridge also endangers the safety of students who ride the school bus which crosses the bridge on a daily basis. Councilman Cash said he would contact Transportation Director Chris Cornelius as the bridge's safety also poses a school transportation problem.

"If you are endangering the life of students crossing the bridge, then this is a serious problem," Cash said. "It's a top priority when children's safety is involved. Personally, if I had a child riding the bus going across that bridge I would be concerned as well."

Dyehouse urged the council to contact the officials immediately as the Chestnut Grove Road bridge is heavily overused for a bridge of its size.

"Think of how many loads of rock, grain and milk have been hauled across that bridge by heavy trucks as well as the school bus crossing it daily," Dyehouse said. "All it needs is a couple more heavy rains and more abuse from these heavy vehicles and the bridge will fall in."

Dyehouse also brought up the issue of high weeds along the intersection of Cupps Chapel Road and Chestnut Grove Road. He

said the area poses a safety issue for people pulling out of Cupps Chapel Road onto Chestnut Grove Road.

"Vehicles pulling out of Cupps Chapel Road have to nose their vehicle out into Chestnut Grove Road before they can see any oncoming traffic," Dyehouse said. "This is dangerous and could lead to a high volume of accidents at that intersection."

Councilman Larry Taylor told Dyehouse that is a county issue as well and also urged the council to request the fiscal court to send county workers to mow down the tall weeds.

The council agreed to petition the fiscal court for workers to take care of the problem.

Taylor also proposed to change the location of "Halloween at the Park" this year. Taylor said the city has hosted the event at the city park on the corner of Albright and Tyree Street for the past five years. He said each year the event has become more popular and crowded.

"The city park is a good spot but the event has grown in numbers over the years and it makes the area more congested," Taylor said. "You can't have a large number of people in a small area because it makes it too crowded for everyone."

Taylor proposed to change the location to Main Street in Brodhead and name the event "Halloween on Main Street in Brodhead."

Councilman Cash supported Taylor's proposal. He said it would make the event run more efficiently and could possibly get the businesses on Main Street involved with the event.

"It would be safer and less congested if we had it here on Main Street instead of the park," Councilman Cash said. "There will also be more parking available and the businesses on Main

Street could become involved with the event as well."

The council voted unanimously to move the event from the city park to Main Street in Brodhead. The 2012 Halloween on Main Street in Brodhead is scheduled for Tuesday, October 30th.

'Clinics'

(Cont. from front)

Moore and Morgan told the court that there were several advantages to White House Clinic and the county, if the new clinic building were located in the industrial park -- one of which is that the site would be "shovel ready" and provide easy access for patients of the clinic. Of course, for the county, one of the main benefits would be an additional \$10,500 in revenue from the occupational tax, enhancement of the park and the clinic's long term commitment to the county which includes total jobs of 19-30 in their third year of operation.

County Attorney Billy Reynolds basically provided the only objection to the court complying with the request saying he would like some figures provided by the clinic as to their pain pill prescription ratio to patients served. Morgan told Reynolds that he would give them as much information as he could under federal privacy laws. However, Moore assured Reynolds that "generous with pain pills, we are not." Moore also told Reynolds that the clinic's medical practice was very safe and "second to none."

Reynolds did concede that any facility Dr. Arvin had decided to associate himself would have to be highly reputable because of Arvin's high standing in the community.

Corey Craig, with the Rockcastle County Indus-

trial Development Authority, told the court that the land had been offered to the clinic at a reduced price of \$25,000 per acre (instead of the normal \$35,000). However, Moore told the court that if White House had to pay the \$50,000 for the site it would make them more likely to use another, less expensive, site.

Even though at least three of the magistrates and County Judge/Executive Buzz Carloftis expressed their approval of the request, it was decided that further discussion would be held by the court with the RCIDA and a decision given at some point this week.

The court has, in the past, given land in the park to SourceCorp and B&H Tool.

'Invasion'

(Cont. from front)

stole an undetermined amount of items before fleeing the residence.

The female is described as dark complexioned with black hair. One male was described as tall and skinny and the other male was unidentified.

The home invasion is still under investigation by the Kentucky State Police and Trooper Scottie Pennington is in charge.

If you have any information regarding the home invasion please call the Kentucky State Police Post 11 in London at (606)-878-6622 or 1-800-222-5555.

Write-In candidates

According to County Clerk Danetta Allen, Katha Carpenter, 70, of 9265 Main Street, Livingston and Jason Medley, 34, of 570 South Main St., Livingston, have filed to run as write-in candidates for Livingston City Commissioner.

Lighthouse Assembly of God will have Homecoming this Sunday, October 14th, beginning at 11 a.m. Preaching will be by Bro. Zach Prewitt and special singing by the Lighthouse Assembly of God choir.

There will be a dinner immediately following the service.

Everyone is welcome for a day full of worship, friends, family and fun.

Hensley - Robinson wed

Beatrice Hensley of Mt. Vernon and George Robinson were united in marriage Oct. 7, 2012 in Wyoming, Ohio at the home of Gus and Joy Dreyer. Mrs. Dreyer is the daughter of George Robinson and his late wife, Ruth.

A host of close family were in attendance and enjoyed a delicious meal prepped for the occasion.

Pastor Matt Holman of Landmark Baptist Church conducted the ceremony and music was provided by Joy Dreyer with singing by Zachary Mitchem, gret grandson of Mrs. Hensley and her late husband, Joe.

The newlyweds will spend a few days in Tennessee enjoying the fall colors and the blessings of God.

Agricultural News

By: Warden Alexander, FSA Director

Hispanic and Women Farmer and Rancher

Agriculture Secretary Tom Vilsack has announced that Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims between September 24, 2012 and March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

Call center representatives can be reached at 1-888-508-4429. Claimants must register for a claims package (by calling the number or visiting the website) and the claims package will be mailed to claimants. All those interested in learning more or receiving information about the claims process and claims packages are encouraged to attend meetings in your communities about the claims process and contact the website or claims telephone number.

Website:
www.farmerclaims.gov
Phone: 1-888-508-4429
Claims Period: September 24, 2012 - March 25, 2013

Independent legal services companies will administer the claims process and adjudicate the claims. Although there are no filing fees to participate and a lawyer is not required to participate in the claims process, persons seeking legal advice may contact a lawyer or other legal services provider.

Changes Being Made for IRS Reporting as of Calendar Year 2012

Internal Revenue Code section 6041(a) and section 6041A(a) state that reportable payments made to any recipient of the payments during a calendar year totaling less than \$600 are not required to be issued IRS Form 1099-G or IRS Form 1099-MISC.

This rule does not apply if withholding was withheld from payments. If voluntary withholding or backup (involuntary) withholding was withheld and payments were less than

\$600, then IRS Form 1099-G or IRS Form 1099-MISC will be issued.

Beginning with calendar year 2012 IRS reporting, Kansas City will not generate and mail

IRS Form 1099-G and/or IRS Form 1099-MISC to producers if the total of reportable

payments for each tax identification number is less than \$600.

However, if voluntary withholding or backup (involuntary) withholding was

withheld from a payment and total payments are less than \$600, then the appropriate IRS 1099 form will be issued.

Beginning with calendar year 2012 IRS reporting, Kansas City will also be issuing one IRS Form 1099-G and/or one IRS Form 1099-MISC to each multi-county producer whose total reportable payments for each tax identification number are equal to or greater than \$600.

Multi-county producer IRS forms will use the producer's mailing address associated with the lowest State number and then the lowest county number within that State identified as receiving payments for the reportable calendar year. The Kansas City address will be used as the return address on the IRS forms.

Emergency Loans

On August 15, 2012, Secretary Vilsack declared 68 Kentucky counties including Rockcastle County as disaster areas due to damages and losses caused by drought that occurred on

April 1, 2012, and is continuing. The declaration code for this disaster designation is S3349.

EM loan applications for physical and production losses will be received through April 15, 2013, and applications pending on that date may be processed and completed.

More information on these and other FSA programs may be found on the FSA web site located at <http://www.fsa.usda.gov>

Woodcarving demonstration at Kentucky Artisan Center

On Saturday, Oct. 20, three members of the Berea Welcome Center Carvers will demonstrate woodcarving techniques from 10:30 a.m. to 3:30 p.m. at the Kentucky Artisan Center at Berea.

Carving that day will be Will Bondurant and John Ferguson, of Berea, and Ron McWhorter, of Richmond. Bondurant specializes in chip carving, a style of woodcarving in which knives are used to remove small chips of wood from the surface of a single piece of wood. Ferguson enjoys carving a variety of animals and characters while McWhorter carves directly from split logs using turn-of-the-century tools to create oval dough bowls. Using an adz, chisel and hammer, McWhorter carves his oval bowls smooth on the inside and allows the marks and cuts from his tools to remain visible on the outer surface.

Woodcarving is an ancient art found in every culture and part of the world. Carving styles include whittling, line carving, chip carving, pierced carving, relief carving, in-the-round carving (sculpture), architectural carving and chainsaw carving. Woods generally used for spoon and bowl carving are harder woods such as walnut, oak, maple or cherry.

Members of the Berea Welcome Center Carvers hail from all over central Kentucky. Community activities provided by the group include carving classes, carving demonstrations at schools, monthly Kentucky Artisan Center demonstrations and special events.

Members of this woodcarving group specialize in a wide variety of techniques and styles of carving. Some members focus on carving caricatures and figures in the round. Others enjoy carving animals and birds while still others create functional works such as spoons, hand-hewn bowls, decorative tiles and ornaments. Many members are great teachers and enjoy sharing their love of woodcarving, making their demonstrations at the Kentucky Artisan Center a mix of humor, technique and storytelling.

The Kentucky Artisan Center at Berea is located at 200 Artisan Way, just off Interstate 75 at Berea exit 77. The center's exhibits, shopping and travel information areas are open daily, year-round, from 9 a.m. to 6 p.m., and the cafe is open from 9:30 a.m. to 3:30 p.m. Admission is free.

The center currently features works by more than 650 artisans from more than 100 counties across the Commonwealth. A special exhibit titled, "The Threads that Bind: Textile Works by Kentucky Artisans," will be on display through Feb. 23, 2013. For information about the center's programming, call 859-985-5448 or visit the center's website at www.kentuckyartisancenter.ky.gov

The Kentucky Artisan Center at Berea is an agency in the Tourism, Arts and Heritage Cabinet of the Commonwealth of Kentucky.

Bittersweet Festival Parade Scenes

The Buccaneer cheerleaders rode in their Buccaneer themed float during the Bittersweet Festival parade last Saturday. The Buccaneer cheerleaders were awarded the "Best Float" in the parade.

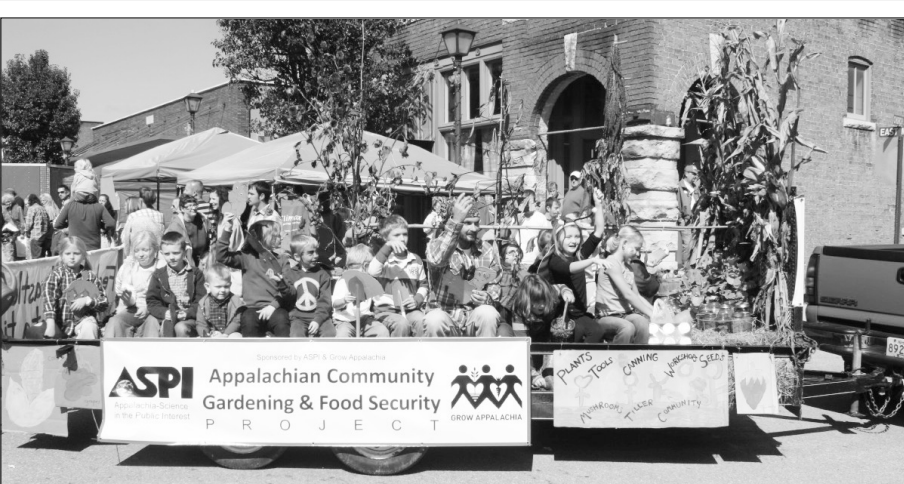

John Stewart is shown escorting his daughter Miss Kentucky Teen Carol Anne Stewart during the Bittersweet Festival Parade last Saturday. Stewart is the granddaughter of Mike and Carol Bryant.

Climax Water employee Sandy Smith was busy working their booth at the Bittersweet Festival last Saturday.

Ronnie Owens escorted Mt. Vernon Mayor Mike Bryant and his wife Carol during the Bittersweet Festival Parade last Saturday.

ASPI members are shown riding in their "Feeding Rockcastle County One Family at a Time" themed float.

Romp n' Stomp Cloggers were romping and stomping on their float during the Bittersweet Festival parade last Saturday.

Rockcastle Recycling Center also had a float during the Bittersweet Festival parade last Saturday.

Buccaneers football team rode in their Buccaneer themed float during the Bittersweet Festival parade last Saturday.

Northside Baptist Church members are shown riding on their "Here I am Lord" themed float during the Bittersweet Festival parade last Saturday.

Redskins' football players and cheerleaders are shown riding on their float during the Bittersweet Festival parade last Saturday.

Trinity Holiness Church are shown "Marching for Jesus" during the Bittersweet Festival parade last Saturday.

Bengals Football Cheerleaders are shown catching a ride during the Bittersweet Festival parade last Saturday.

Representative Rogers coming to Renfro Valley

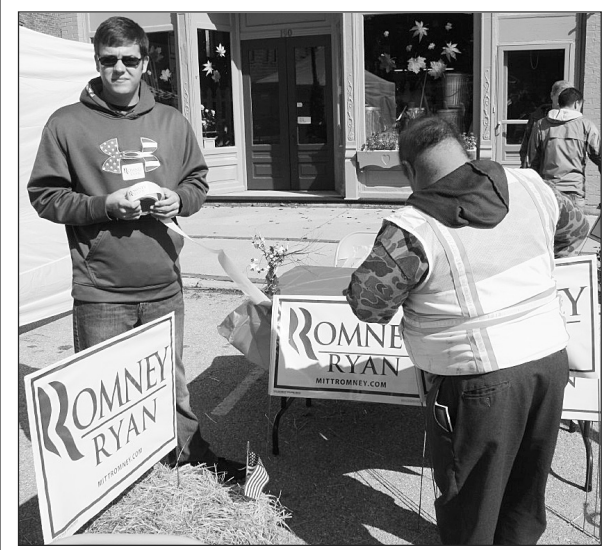

Representative Hal Rogers will be the guest speaker at the Rockcastle County Chamber of Commerce meeting at the John Lair House in Renfro Valley next Tuesday at noon.

Rogers will be giving an update on current legislation in Washington D.C. Lunch will also be provided. The event is being sponsored by Citizens Bank.

The Rockcastle County Chamber of Commerce encourages all Rockcastle County officials and citizens to attend.

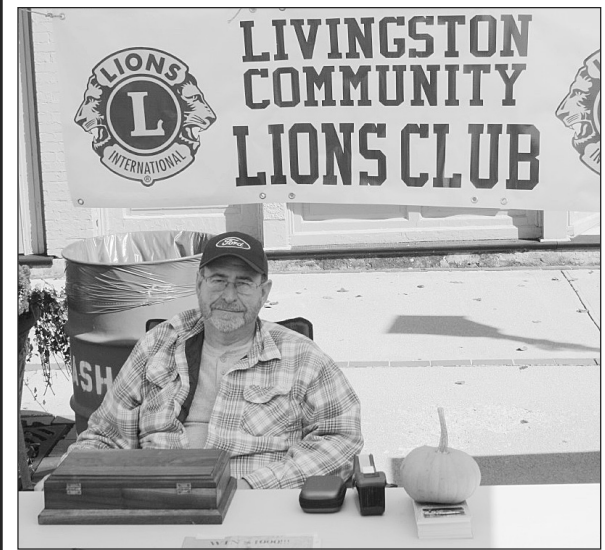

Mt. Venon Fire and Rescue Chief David Bales is shown driving engine 612 in the Bittersweet Festival parade last Saturday

RCHS Teenage Republican member Adam Poynter is shown handing out Romney/Ryan signs to Terry Renner during the Bittersweet Festival last Saturday.

Rockcastle County Republican Party Chairman Travis Burton is shown debating with an empty chair during the Bittersweet Parade last Saturday. The empty chair is supposed to symbolize current President Barack Obama.

Livingston Community Lions Club President Stanley Cook was busy working their booth at the Bittersweet Festival parade last Saturday.

The Rockcastle County High School's JROTC cadet class of 2013 were led in last Saturday's Bittersweet Festival parade by their color guard shown from left: Alyssa Snyder, Jessica Mason, Jacob Durham and Amber Rice.

"Cliff"

(Cont. from front)

he was treated and released with non-life-threatening injuries.

During the rescue, Brindle Ridge Fire Chief Larry (Tiny) Mullins went into cardiac arrest while waiting for the UK medical helicopter to land for DeWard.

Mullins was also airlifted to the UK Medical Center and was later transported by ambulance to Central Baptist Hospital where he is currently listed in stable condition.

Mullins son, Bryan Mullins, 30, of Brodhead said his father received a heart catheterization on Monday and had a cardiac defibrillator installed on Tuesday. He said his father has also been moved from the ICU into a regular room at the hospital.

Mullins said that his father will likely be released from the hospital later this week if everything goes as planned. He said they are lucky that his father wasn't alone when he went into cardiac arrest.

"Actually, he was lucky to have his heart attack with all the EMS personnel around," Mullins said. "If he had been by himself at home, chances are he wouldn't have been here with us today."

Mullins said they are appreciative of everyone in Rockcastle County and the firefighter community who said they are praying for their family and hoping for a fast recovery for Chief Mullins.

"I honestly don't think he knew so many people cared," Mullins said. "We want to say thanks for all the concern and support everyone has shown since the accident."

"Hit/Run"

(Cont. from front)

ever, he said they did recover a significant amount of information from a section of the bumper that was lodged in the car it rear-ended.

"The section of the bumper had the barcode number of a blue 2003 Chrysler," Harness said. "With this piece of information, it increases our chances of finding the driver who fled the scene."

The accident is still under investigation by the Mt. Vernon Police Department and officer Jeff Harness is in charge of the investigation.

Harness said they are still searching for the car that reportedly caused the accident and fled the scene. He asked that if anyone has information regarding the collision to please contact the Mt. Vernon Police Department at 606-256-2121.

Harness also wanted to warn drivers of the congested area at the intersection of Hwy 150 and Williams Street. He said the 45 mph speed limit through that particular stretch of the highway leads to a high volume of accidents due to speed, traffic volume and pedestrians crossing the roadway.

"It's 45 mph with a caution light when I personally believe it should be 35

mph," Harness said. "We have a shopping center, a park, a rock quarry and a railroad track here. It's never made any sense to me why it was 45 mph instead of 35 mph."

Harness said he believes the reduction of speed on that particular stretch of Hwy 150 would possibly decrease some of the accidents caused in the area.

"If the vehicles involved were going 35 or 40 mph instead of 45 or 50 mph, these types of accidents could possibly be avoided," Harness said.

Meningitis outbreak

The Kentucky Department for Public Health has been notified of five recent cases of ungal meningitis in Kentucky residents who received medical care in Tennessee. These cases match others associated with a multistate outbreak linked to injections from three lots of steroid medications distributed by the New England Compounding Center (NECC), a compounding-only pharmacy. This type of fungal meningitis is not contagious.

The NECC has issued a voluntary recall of all products it has produced or distributed. Although none of the contaminated medications is known to have been distributed in Kentucky, other lots and types of medicines from this company have been sent to Kentucky facilities. The U.S. Food and Drug Administration and kDPH recommend that pharmaceuticals manufactured by this company not be used for patients. More information on this recall is available at the FDA's website <http://www.fda.gov/Safety/MedWatch/SafetyAlertsforHumanMedicalProducts/ucm322849.htm>.

Kentuckians who have received epidural steroid injections since May 21st and have any of the following symptoms should talk to their health provider as soon as possible: worsening headache, fever, sensitivity to light, stiff neck, new weakness or numbness in any part of your body or slurred speech.

If Kentuckians have questions or concerns about steroid injections they have received, DPH recommends they contact their health care provider. Clinicians should immediately inform the state or local health department of any patients that are undergoing evaluation for suspected fungal infection related to this outbreak.

For more information and national updates on the multistate outbreak, visit the Centers for Disease Control and Prevention website <http://www.cdc.gov/hai/outbreaks/meningitis.html>.

Mt. Vernon Firefighter Adam Bales is shown driving engine 610 during the Bittersweet Festival parade last Saturday.

Owens finishes 14th at KHSAA state golf tournament

An RCHS golf team member played in her third straight KHSAA state golf tournament in Bowling Green this past week.

Freshman Hannabeth Owens tied for 14th place overall and also finished as the top freshman at the state tournament.

Despite the rain, Owens hung in there and tied for 23rd with a score of 81 after day one. Owens' score allowed her to make the cut and also qualified her to play in the second round of the tournament.

On the second day of the tournament, Owens finished with three birdies, ten pars, three bogeys and two double bogeys for a score of 76 and a two day total of 157.

Owens is the daughter of David and Detrina Owens. She is the granddaughter of Larry and Joyce Leece and the late Lawrence and Betty Owens.

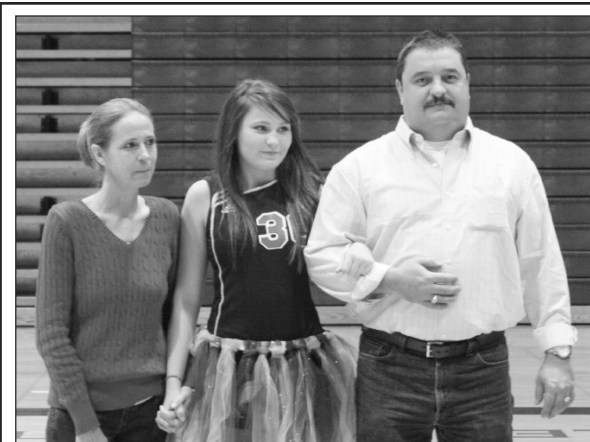

If you would like to check out the rest of the scores from the tournament, go to the KHSAA website and click on the golf link and girl's 2012 results.

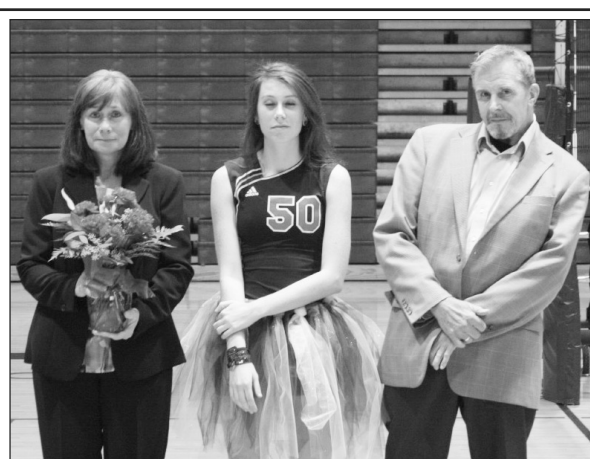

Hannabeth Owens tied for 14th in the state KHSAA Golf Tournament.

The Rockcastle County High School volleyball team honored their seniors and parents last week during their last home volleyball match of the season. Shown above is senior Lauren Denny with her parents, William and Kim Denny.

Senior Courtney Hasty with her parents, Frankie and Rhonda Hasty.

Senior Hannah Bullock with her parents, Tim and Renee Bullock.

Senior Jade Taylor escorted by her parents, Carl and Kelly Cain.

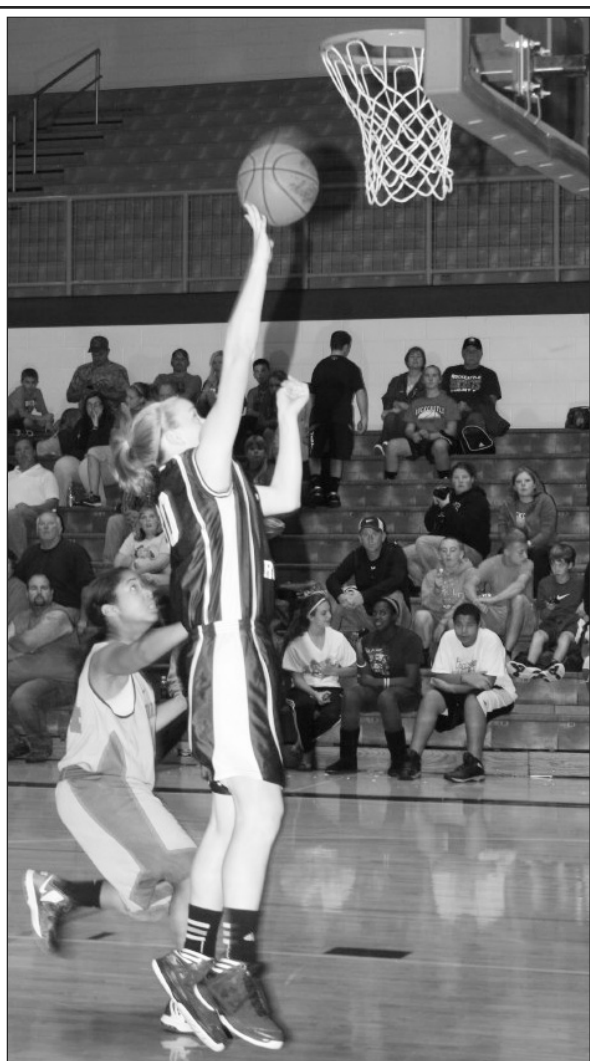

Senior Hannah Eaton with her parents, David and Beth Eaton.

Senior Heather Clontz with her parents, Jim and Tammy Clontz.

Eighth grader Juliann Kirby goes for two points against Southern Pulaski last Thursday night. The eighth grade is 20-4 on the season.

Eighth grader Emily Payne goes for two of her six points in the Rockets win over Southern Pulaski. The Lady Rockets will host 8th grade night this Thursday night when they face Foley.

6th grader Kaitlyn Conner applies pressure to a Farristown Flyer in the 33-15 win last Tuesday night. Conner had 11 points in the victory. The 6th graders are 17-2 on the season.

The Rockcastle County Rockets' football team host Knox Central at 7:30 this Friday

Rockcastle Regional offers improved imaging services

Rockcastle Regional Hospital & Respiratory Care Center has upgraded technology in the Diagnostic Imaging Department. A state-of-the-art MRI, Siemens Magnetom Essense, will provide high-quality imaging for Rockcastle's radiologists, physicians and patients. The new MRI will offer more diagnostic precision, while offering the patient more comfortable exam.

"This improved addition is such an asset to our range of imaging services," said Rockcastle Regional Hospital Diagnostic Imaging Director John Mitchell. "We can now get very detailed images on a variety of MRI's, such as breast, orthopedic, vascular and abdominal studies."

The nearly \$1.3 million project, including remodeling of the space that the MRI occupies, replaces the MRI that had been in use since 2004. Patients were able to have exams in the new unit beginning on September 24, 2012.

"Patient safety, quality and comfort are our top priorities with every patient experience," said Rockcastle Regional Hospital President/CEO Stephen A. Estes. "We pride ourselves in increasing access to healthcare in our community; and this equipment is comparable to what much larger medical facilities across the Commonwealth are utilizing. The new MRI provides the detailed images that our clinicians need to provide their patients with greater diagnostic confidence."

For more information about the high-quality, detailed images available with the new MRI at Rockcastle Regional Hospital, or any other diagnostic imaging service, visit www.rockcastlehospital.org or call 256-7878.

Public meeting at Livingston PO for October 12th

Discussions have been going on for some time about the fate of the post office at Livingston.

The Postal Service established a review process for certain post offices, known as the POST Plan, and the Livingston Post Office was among the offices evaluated under this plan's criteria.

Customers of the post office were recently sent a survey to help determine the best course of action for providing postal services to the community. The Postal Service will now use the results of that survey and a public meeting, scheduled for **October 12th at noon at the post office**, to determine the facility's fate.

In the survey, customers were given several options for the post office. They were:

- Keep the office open, based on actual office workload.
- In the case of the Livingston post office, hours would be reduced from six hours each week day to two hours per

CAIP Cost Share Signup

Farm and Home News

Tom Mills

Rockcastle County Agriculture & Natural Resources

Rockcastle County Farmers can sign up for County Agriculture Investment Program Cost Share Monday, October 15th through November 15th. Applications will be available at the Conservation District Board office by contacting Sandy Whitaker or County Extension office by contacting Tom Mills.

11 investment areas for CAIP have been developed by the Governor's Office of Agriculture Policy. A complete list of guidelines and program reimbursement requirements will be available with the application. GOAP has developed an application and scoring system to allot cost share. Previous history shows that a waiting list will likely be developed using the same scoring system. Agriculture leaders hope to add 2013 funds to help cover as many as possible on the waiting list.

For those approved, the CAIP is a 50/50 Cost Share reimbursement. Only completed projects following GOAP guidelines can request reimbursement. Agriculture leadership has placed a high priority on Hay and Commodity storage with limit of 5000 dollar Cost Share on a 10,000 dollar investment. All the remaining 10 Program Areas are at \$2500 of a \$5000 dollar investment. In the 10 program areas farms can choose up to 3 areas to divide the \$2500 dollars.

For more information contact Sandy Whitaker at 256-2525, ext #3 or Tom Mills at 256-2403.

Joe Bullen and family recently hosted a Farm Field Day, which allowed Agriculture Leadership to announce the 2012 CAIP Cost Share Program. Guests saw firsthand the Hay Storage and Cattle Handling Facilities which are available through CAIP.

Rockcastle Regional recently held a ribbon cutting ceremony for its new state-of-the-art MRI. Pictured from left are: Gary Asher, Facility Manager; Billy Roberts, CT Tech; Dr. Eduardo Gomez, Radiologist; John Mitchell, Radiology Director; and Mary Thomason, MRI Tech.

Nancy Hale is Co-Coordinator

UNITE Service Corps grows to 44 members

Operation UNITE's Service Corps initiative continues to expand its impact across southern and eastern Kentucky.

With the infusion of funding from the Corporation for National and Community Service, UNITE now employs 44 full-time AmeriCorps members to serve elementary schools in 11 school systems.

"Last year we had 28 AmeriCorps members, but several members had to split their time between two schools," said Eugene Newsome, director of the Service Corps initiative. "This year each member is employed at a single school, which will increase their effectiveness and impact within the school community."

Because of the program's growth, UNITE has added veteran educator Nancy Hale as co-coordinator of the initiative, said Debbie Trusty, UNITE's education director. Hale recently retired as a school counselor with the Rockcastle County Public Schools.

"Nancy has been a phenomenal asset to UNITE through her work with both the Rockcastle County UNITE Coalition and school UNITE Clubs," Trusty said. "She will easily step in to this position and bring an expertise that few can match."

This is the fifth year

Circuit Clerk's Office closed December 15th

The Circuit Clerk's office will be closed Monday, October 15th due to state budget cuts.

All Court of justice employees will be furloughed on Monday, October 15th. The Circuit Clerk's office will reopen on Tuesday, October 16th at 8 a.m.

UNITE has received funding for its Service Corps initiative, that provides math tutoring, teaches the "Too Good for Drugs" and "Healthy Futures/Take 10" wellness curriculums, and coordinates anti-drug UNITE Clubs at each location. In addition, members provide thousands of hours of volunteer service and recruit volunteers for school prevention activities.

Each participating school contributes \$5,500 toward the salary of their AmeriCorps member. Upon completion of one or two years of service, members are eligible for a Segal AmeriCorps Education Award that can be used to pay back student loans or cover tuition costs.

"We have witnessed phenomenal success because of our dedicated Service Corps members," Newsome stated. "We have consistently exceeded our goals."

Statistics from the 2011-12 school year reflect the impact:

- 1,751 students completed the 10-lesson "Too Good For Drugs" curriculum, which focuses on resistance skills, role-playing and decision-making skills to avoid using alcohol, tobacco or other drugs. Post-test scores in drug education information increased 40 percent.

- 1,412 volunteers were recruited to assist with activities (a 187 percent increase).

- 12,514 hours of volunteer service were provided by the schools and communities they serve (a 263 percent increase). Many hours were logged in helping recovery efforts following the March 2 tornado outbreak.

- 2,507 younger students were mentored by older students in drug education, prevention and resistance strategies (a 329 percent increase).

- 1,351 students were tutored in mathematics (a 137 percent increase), with test scores increasing 36 percent over the course of the

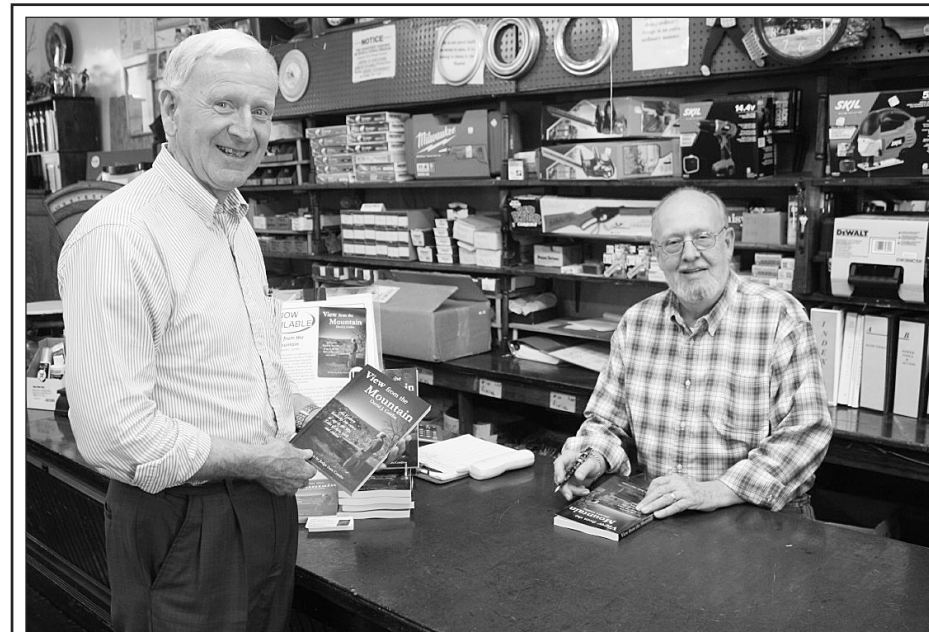

- year.
- 1,751 students participated in the "Healthy Futures/Take 10" wellness programs, with test scores increasing 35 percent.

- Service Corps members conducted 99 educational presentations to community organizations.

- 32 anti-drug UNITE Clubs were sponsored by Service Corps members. There were approximately 2,200 student members of these clubs.

The UNITE Service Corps initiative has been honored with the "Governor's Citation" for its excellent leadership and service in each of the past two years – a feat that Eileen Cackowski, executive director of the Kentucky Commission on Community Volunteerism and Service (KCCVS), noted was unprecedented.

The KCCVS, located within the Kentucky Cabinet for Health and Family Services, oversees the AmeriCorps programs in the state.

Signal columnist David J. Griffin held a book signing at Cox Hardware last Friday. Griffin's book, *View from the Mountain*, was published in August and is the story of him growing up in Rockcastle County. It deals with his childhood, teen years, rock and roll music and cruisin.' Shown above is Bud Cox getting his personal copy signed by Griffin.

Pictured is the Color Detail of the Rockcastle Chapter, Sons of Confederate Veterans Camp, Cumberland Brigade that marched in the Bittersweet Festival Parade. The Color Detail were, front from left: Jake Kerns and Jacob Owens. Back row from left: Matthew Hensley, Robert Hayes, Willie Martin, David Owens, Jerry Hensley, and Phillip McLemore.

"Prepay has definitely been a godsend for me!"

Dora Vance of Laurel County is a big fan of the Jackson Energy Prepay Program.

"Coming up with a little each week is so much easier for me than one big lump sum at the end of the month...I have paid as little as \$15 and as much as \$150 at a time on my balance. I know for sure I'm lowering my bill by using less electricity, and now I have so much more flexibility on how much to pay and when. Prepay has definitely been a godsend for me!"

Brodhead Trail Town Kick-off Party

Sat., October 13 (rescheduled from 9/8)
 1:00pm-4:00pm
 Brodhead City Hall
 Parking Lot

Special Guest
Elaine Wilson,
 Executive Director
 Kentucky Adventure Tourism

Bring the family and join in the fun!

Wear your walking shoes and help us complete the Trail Town Assessment of Brodhead. We will be identifying the good qualities that we have to share with tourists.

Sponsored by the City of Brodhead and the Brodhead Alliance Committee.

Rockcastle County Judge Executive Buzz Carloftis recently signed a proclamation declaring October as Domestic Violence Awareness Month. Pictured are, front from left: Buzz Carloftis and Dana Brown, Domestic Violence Advocate, Family Life Abuse Center. Back row from left: Amy Yates, DCBS, Jennifer White, DCBS, Caron White, Court Administrator, Cecelia White, Director Victim Services, Comp Care. All those present for the signing are members of the RU Safe Council of Rockcastle County

The RU Safe Council presented a purple tie in honor of Domestic Violence Awareness Month to Judge Walter Mcquire. Court Administrator, Caron White accepted the tie on behalf of Judge McGuire from Dana Brown, Domestic Violence Advocate, Family Life Abuse Center.

Local artist to exhibit works at Fall Fair in Berea

Local Stone and Wood Craftsman, Ron Cooper will be exhibiting and selling his segmented Alabaster stone and wood bowls and boxes at the Kentucky Guild of Artists & Craftsman Fall Fair in Berea on October 13-14. Ron was selected to exhibit his work at the show with 100 other talented artists from throughout Kentucky. Ron uses various colors of natural Alabaster stone segmented together to create pleasing and amazing patterns in bowls and boxes. His latest piece uses over 300 segments of stone to create the work of art. Ron Cooper's work is enjoyed by collectors from many states. His work can be viewed at www.cooperstoneworks.com

but to really appreciate his work a trip to the Fall Fair in Berea is a must. Fifty years of the best arts and crafts that Kentucky has to offer will be coming to Berea, Kentucky, Saturday, October 13 from 10 am to 6 pm and Sunday, October 14, from 10 am to 5 pm, 2012. Some of the most talented people across Kentucky will come together to provide an opportunity for art lovers and collectors to purchase the highest quality hand made products, to enhance their homes, offices and also become beautiful gifts for loved ones and friends. Located at the Historic Indian Fort Theatre, 2047.5 Big Hill Road on Highway 21 East is where you will find the Kentucky Guild of Artists and Craftsman Fall Fair overflowing with exquisite art, hospitality and welcoming smiles.

Artists and Craftsmen is a juried organization of fine artists and fine craftsmen from all across the Commonwealth. Many art mediums are represented including: 2D painting, wood turning and outdoor furniture, jewelry, pottery, hand made children's clothing, stone work, photography, clay board etching, metal work, hand made soap & body products, stained glass, dolls and rugs to name a few. Established in 1961, the KGAC has continued its' mission to establish art and craft as a vital influence by promoting excellence through education, collaboration, leadership and service.

In 1961, one of the first projects of the newly formed Kentucky Guild was The Guild Train. The Kentucky Guild Train rolled into towns all across Kentucky on a journey to bring art and economic opportunity to all areas of the Commonwealth. Two train cars, one set up as a Gallery contained paintings, sculptures & handcrafted items on loan from artists & museums, showed that handcrafted skills had value. The second car, had equipment ranging from a power saw to a hand loom, a potter's wheel and wood lathe. Demonstrations of weaving, wheel thrown pottery and wood turning were preformed for school children and adults who visited the train. Children went home & tried to "turn a pot" on a phonograph turn table. After only four years, 179,000 persons had visited the train's many stopping

points, coming from miles around, to view its treasures. This was the beginning of education in arts and crafts in Kentucky and the nation. Once the era of the Guild Train ended, The Kentucky Guild provided a Spring and Fall Art Fair to showcase members' work, educating the artist to create fine quality arts & crafts. As many as 20,000 people turned out for those early fairs. Then, as today, educating people that skill and talent to create the art work and traditional crafts has value is an important mission of the KGAC. Involving artists to start local craft industries was an important step in improving the local economy. They learned that skills like making soap, wood carving, or quilting, things they knew how to do had value to others.

The Guild provides opportunities to it's' artist members through scheduled Exhibits and Gallery shows around the state throughout the year. This provides individuals in many communities to not only view fine art & crafts, but to purchase works of art for themselves and others. KGAC also provides workshops and demonstrations to educate aspiring artists. The Kentucky Guild collaborates with many other nonprofit organizations to extend and promote educational events that are the heart of their efforts to inspire the next generation of artists and craftsmen, and insure that the Kentucky tradition of creative expression continues to grow and enrich our lives.

The Kentucky Guild of Artists and Craftsman Fall Fair in Berea will allow people to purchase a fine piece of the latest art for their own home, adding value and beauty. Mark your calendar for October 13th and 14th. Admission is just \$5.00 and children under 12 get in free. There is plenty of free parking at Indian Fort Theatre. Make plans to attend this event this weekend. Be part of the Kentucky's Guild's 51st year of tradition. Take part in the 2012 Fall Fair. It is being presented just for you. Visit: www.kyguild.org, call 859-986-3192 or email info@kyguild.org for more information about the Fair. For more information about Ron Cooper Stone & Wood Craftsman visit www.cooperstoneworks.com.

Cadet Ryan Rawlins zips across the One Rope Bridge.

JROTC Raider Team participates at Cadet Stakes

On Saturday September the 29th the RCHS JROTC Raider Team traveled to Eastern Kentucky University for the Cadet Stakes competition. They participated in six events over the course of the day.

The first event was the APFT (Army Physical Fitness Test). This event consisted of 3 different sections. First, cadets did one minute of push-ups and directly following did one minute of sit-up's. The last section of the event was the one mile run over a muddy and hilly cross country track. The event that was the highlight of the day was the one rope bridge. A ten person team had to construct a one rope bridge across a muddy entrenchment and cross it with every member and the equipment, trying to get the fastest time as possible without any penalties. The team placed 3rd in this event out of 35 teams, over 25 schools, and over 1500 cadets. The team completed the rope bridge in 2:52 with no penalties. Other events included a ball toss, litter carry (cadets carried heavy equipment through obstacles), a boat event, and a Mystery Event. The mystery event was the final event of the day and tested the teams mental, physical, and leadership abilities. The team did exceptional in all events throughout the day.

After a long day of hard work cadets came home with not only muddy uniforms and blisters but with new knowledge and knowing they gave all they had in each event. The team members that went were Addison Atkin, Megan Boggs, Ame Chiantaretto, Bentley Collins, Austin Daniel, Crystal Doan, Josh England, Dana Hatfield, Justin Houk, Mark Hupp, Shania Lawson, Annamarie Leader, Josh Linville, Brady McClure, Katlyn McGee, Chris Morrow, Tori Phillips, Adam Ramey, Austin Ramsey, Ryan Rawlins, Austin Smith, Victoria Smith, Dylan Stewart, and Derick Yates.

Minds in the Middle

Wednesday, October 10th, was the last day of the first grading period. Report cards can be picked up on Tuesday, Oct. 16th at Parent-teacher conferences. Make plans now to attend the conferences. Thanks to Gear-up, we can feed supper to the whole family! Join us at 5:30 as well for a session on learning about financial opportunities to help with college. It's never too early to get ready for the future! Eighth grade parents will also be able to pick up ACT Explore results.

The Art Club is selling painted pumpkins. These pumpkins are on display in the media center and the office and can be purchased in the office for \$5. Be sure to check them out when you come on Tuesday.

Picture retakes will be this Friday. Students must have a note from their guardian requesting a retake.

Congratulations to Mrs. Powell's 7th grade Adventurers homeroom on winning the attendance battle again last week. Mr. McNabb's 8th grade Comets came in second place followed by Mrs. Bobo's 6th grade Voyagers in third place. Congratulations to our Dash for Cash winners on Thursday. Good attendance pays!

2013 Medicare Open Enrollment runs October 15th - December 7th

The 2013 Medicare Open Enrollment period will begin October 15, 2012 and run through December 7, 2012. If you need assistance with reviewing your current plan, or want to do a plan comparison, you may contact Mitch Goodin at 1-800-795-7654 for personalized assistance.

Onsite assistance will also be available at the Rockcastle Senior Center from 10:30 a.m. to noon on November 1st.

Anyone in the Cumberland Valley area can call the above number for assistance or attend these sessions.

JROTC team members participating at the Cadet Stakes competition at EKV were: Addison Atkin, Megan Boggs, Ame Chiantaretto, Bentley Collins, Austin Daniel, Crystal Doan, Josh England, Dana Hatfield, Justin Houk, Mark Hupp, Shania Lawson, Annamarie Leader, Josh Linville, Brady McClure, Katlyn McGee, Chris Morrow, Tori Phillips, Adam Ramey, Austin Ramsey, Ryan Rawlins, Austin Smith, Victoria Smith, Dylan Stewart, and Derick Yates.

The Rockcastle County High School JROTC Rifle Team has received a grant from the National Rifle Association has given totaling \$2,310.00 to purchase additional equipment needed for the team.

RCHS JROTC Rifle Team receives grant

The Rockcastle County High School JROTC Rifle Team in past years has competed in rifle competitions with 2 teams. We have progressed recently to where we can add a third team. The National Rifle Association has given the rifle team their second grant totaling \$2,310.00 to purchase the additional equipment needed for this team.

The NRA (National Rifle Association) gave a first grant totaling \$1,038.00 in 2008. The grant was used for buying equipment for the team after moving to an 8 lane range in the Rockcastle Area Technology Center.

The Rifle Team has been very successful since the team got the 8 lane range and moved to the Rockcastle Area Technology Center. The team has traveled all over Kentucky for marksmanship rifle competitions. The Sporter team also traveled to Camp Perry Ohio in 2011 and the Precision team traveled to Camp Perry in 2012.

The Rockcastle County JROTC program has educated many students in rifle safety at the end of each

school year. More than fifty cadets shot last year at the close of the year. The rifle

team looks forward to another successful year and would like to thank the

friends of NRA for the grant that is greatly appreciated and will be used efficiently.

BIG ON COMMITMENT.™

Tiger Pause

Brodhead UNITE Club has asked the students of Brodhead Elementary to join them in a UNITE community outreach project, for participation in "Let's Fill a Bucket!" food drive benefiting the Brodhead Family Resource Center. Students are collecting items that will be used to fill weekend snack packs. The items collected will provide an easy snack for children and not require refrigeration or cooking. Students are encouraged to bring in items throughout the week of October 8th - October 12th. Monday- Jell-O, fruit, pudding cups - Tuesday- cereal bars, Rice Krispy Treats, Pop Tarts - Wednesday - peanut/cheese crackers - Thursday - pretzels, gold fish, chips - Friday - Juice

boxes or item of choice. If you would like to donate to the "Let's Fill a Bucket!" food drive please contact Brodhead FRC to make contributions.

Thanks to the Brodhead Volunteer Fire Department for their visit to Brodhead Elementary recognizing National Fire Prevention Week, October 7 - 13, 2012. The fire fighters promoted fire safety and prevention by informing students about the dangers of fire and the importance of being prepared both at school and at home.

Thinking About Cleaning Your Carpet! Some things to think about...

What is the best way to clean my carpet, should I use the
old technology of steam cleaning or the new technology
of dry foam?

Test results from Consumer Report, 2008.

Option 1: Steam Cleaning-How does it work?
A. Steam Cleaners saturate your carpet and floor pad with hot (150°
degree) soapy water containing lye and beach to help dissolve stains.
B. After your carpet reaches its maximum saturation point the
solution is then extracted by means of a commercial shop vacuum.
The results: Removes less than 20% of the soil from the carpet
driving the remainder down deeper into the carpet fibers. The lye/
bleach solution used by steam cleaners to dissolve stains fades
carpet colors. Drying time is 1 to 5 days depending on the carpet
texture. As a result of the water saturation, carpet fibers harden and
the floor pad remains damp, which promotes bacteria growth and
mildewing, causing carpet threads to rot, shorting the life of your
carpet. Carpet manufacturers recommend that you do not steam
clean carpets.

Option 2: Dry Foam-How does it work?
C. Carpet fibers are agitated with carpet combs to separate the fibers
loosening dirt particles, which are then dry cleaned with an
industrial strength vacuum.
D. The carpet is then shampooed with horse hair brushes using Dry-
Foam lather, a solution that contains six different cleaners and fabric
softener, color brightener, deodorizer, disinfectant, crystalline agent,
scotch guard, & degreaser. Does not contain lye or bleach.
E. Carpet fibers are then groomed to fluff up worn walk areas to
give a uniform look to the carpet.
The results: Removes over 90% of carpet soil. Rejuvenates and
brightens colors and patterns of carpets. Drying times is less than 2
hours. Floor pads remain dry-Fabric Softener makes carpets soft
again-Promoting the life of the carpet.
Carpet manufacturers recommend Dry Foam to clean Carpets.

Twins Celebrate 93rd Birthday

On October 6, 2012 Flossie Cummins and Clearsie Reynolds celebrated their 93rd Birthday with family and friends. They were born October 6, 1919 to Milton Green and Emily Elizabeth McPherson Kirby. Flossie was married to the late E.J. Cummins and Clearsie was married to the late Lloyd Reynolds. Both reside in the Bee Lick Community.

Mamaw's Kitchen

By Regina Poynter Hoskins

I recently attended a family reunion where these two dishes were served. They proved to be such a big hit, I asked for the recipes. I have never put sausage in my meatloaf, but it added such a wonderful flavor, I just might have to add it all the time.

MEATLOAF

Preheat oven to 350 degrees Use a 2 to 1 ratio of ground beef to sausage
2 pounds of lean ground beef 85/20 (anything less will be too greasy)
1 pound of Jimmy Dean Mild Sausage
1 cup of Bread Crumbs Plain (I like Progresso)
1 small onion
1 large Green Bell Pepper
2 cups of Hunt's Catsup, divided
1 tablespoon of Worcestershire sauce
1 and 1/2 teaspoons salt
1/2 teaspoon black pepper
In a blender puree and liquefy diced onion and bell pepper leaving no pieces or chunks. In a large mixing bowl mix eggs, ground beef and sausage until sausage is mixed well with ground beef. Add 1 cup of bread crumbs continuing to mix well. Add onion and bell

pepper from blender along with 1 cup catsup and the Worcestershire sauce to mixture; mix well. Place in 13 x 9 baking dish. (I like the non stick ones or spray the dish with non-stick spray.) Spread remaining cup of catsup over top of meatloaf. Cover pan with foil. Bake in oven 2 hours. Uncover and bake another half an hour.

BBQ CHUCK ROAST

3 pound chuck roast
1 small onion, finely chopped
1/3 cup vinegar
1/4 cup catsup
1 tablespoon vegetable oil
2 tablespoon soy sauce
1 tablespoon Worcestershire
1 teaspoon mustard
1/4 teaspoon garlic powder
Place meat and finely chopped onion into crock pot. Combine remaining ingredients and pour over roast and onions. Cook for 8 hours on low. Remove meat from juices, discard any fat, and shred meat. Place back into crock pot until ready to serve. Serve as is with pan juices or makes a great sandwich.

Blast from the Past!!!

Airman Miracle graduates basic

Air Force Airman Christopher D. Miracle graduated from basic military training at Lackland Air Force Base, San Antonio, Texas.

The airman completed an intensive, eight-week program that included training in military discipline and studies, Air Force core values, physical fitness, and basic warfare principles and skills.

Airmen who complete basic training earn four credits toward an associate in applied science degree through the Community College of the Air Force.

Miracle is the son of Gary Miracle of Berea, and grandson of Gary Miracle of Mount Vernon.

He is a 2011 graduate of Rockcastle County High School.

"Post Office"

(Cont. from pg. B1)

week day. Current Saturday hours will not change and access to delivery receptacles will not be impacted.

- Conduct a discontinuance study for the office and offer roadside mailbox delivery. Retail and delivery service would be provided through a rural carrier. Mail delivery points will be established and customers can purchase most postal services through the carrier or other alternate access points.

- Conduct a discontinuance study for the office and find a suitable alternative location, operated by a contractor usually at a local business. When businesses are found that meet the cri-

teria, these establishments are contracted through the U.S. Postal Service and offer stamps and flat rate products with service hours generally more expansive than what the local Post Office will be able to offer.

- Conduct a discontinuance study for the office and provide P.O. Box service via another nearby post office and relocate P.O. Box delivery to that Post Office.

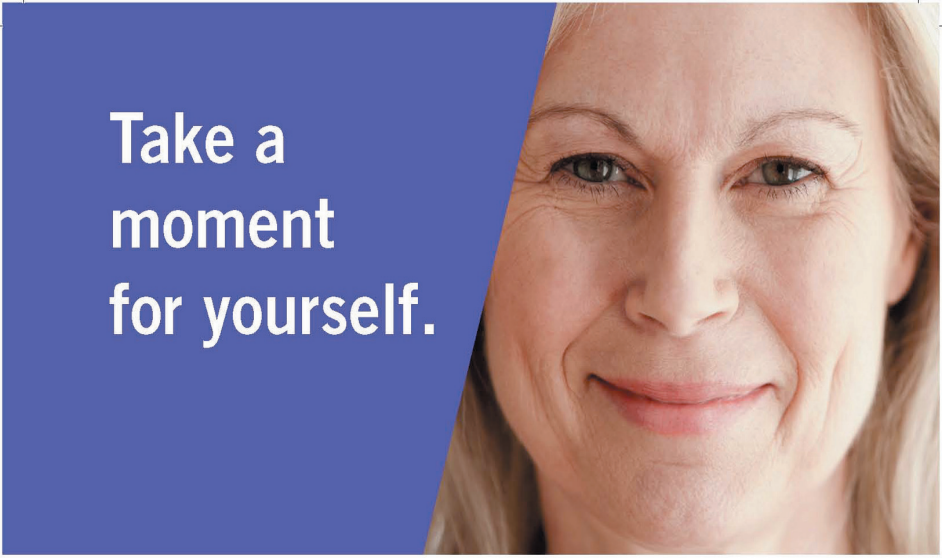

According to the Postal Service, unless the community has a strong preference (more than 60 percent) for conducting a discontinuance study for the Livingston Post Office and establishing one of the additional sources of services,

the Postal Service intends to maintain the post office with two hours of window service each weekday. Current Saturday window service hours and access to delivery receptacles will not change as a result of the POST Plan realignment of weekday window service hours.

Take a moment for yourself.

Get your annual screening mammogram.

Take a moment to take care of yourself this month and schedule your annual screening mammogram. Saint Joseph Berea realizes the important role early detection plays in the treatment of breast cancer. An annual mammogram is an opportunity to find breast cancer at the earliest possible stage.

HERE ARE A FEW FACTS:

- Every woman should have a mammogram every year starting at the age of 40
- Every woman should perform breast self-exams monthly
- Clinical breast exams should begin at the age of 20
- Maintaining a healthy weight and exercising can decrease your risk for developing breast cancer

NOTIFY YOUR PHYSICIAN IF YOU DETECT:

- A lump or hard knot in your breast
- Swelling, warmth or redness
- Change in the size or shape of the breast
- Dimpling or puckering of the skin
- Itchy, scaly sore or rash on the nipple
- Pulling in of your nipple or other parts
- Nipple discharge that starts suddenly
- New pain in one spot that does not go away

Schedule your next annual screening mammogram with us at **859.986.6587**.

Baptist Physicians

is pleased to announce two new affiliates to our exceptional network for cardiac care.

Our mission is to prevent and treat heart disease, so you can have a healthy and productive life. With two convenient locations, we're here to serve your heart care needs.
